We would like to start a "Pop Up Shop" with our high school MSD students. We would take pre-orders, from teachers and staff throughout FSHS, for snacks/drinks/meals. The students in the MSD classroom will: help count orders, sort money, go to the store to purchase needed materials, prepare the items, and then deliver the items.

The money obtained from the orders would not only be used to purchase the needed supplies/ingredients, but it will also allow our students to go on more community field trips.

Students will be working on counting money, counting orders, measuring food, reading names, making lists, navigating stores, and so much more. The life skills learned through this "Pop Up Shop" experience are invaluable. These are skills they will need for future jobs, as well as living as independently as possible.
