

Opportunities with

Gear Up

Meet the Teachers

Ms. Dolly

This is Ms. Dolly's 7th year with GEAR UP and her 20th year in the Powell Co School System. She is a graduate of Sullivan University with a major in Accounting and Minor in Management. She works with the students daily to make sure they complete assignments and reach their potential. She encourages students daily in her role as an Academic Interventionist. She looks forward to seeing her students again as successful members of our community.

Mrs. Slusher

This is Mrs. Slusher's 2nd year with Gear Up as an Academic Interventionist. She is a college graduate with a bachelor's degree from Morehead State University and is currently in the process of completing her masters degree in the field of Special Education, LBD. She inspires students to set reachable goals for themselves after completing high school. Those goals must have a beneficial effect on their life and enhance their future as they move forward into adulthood.

Meet the Teachers

Ms. Rose

Ms. Rose is in her second year with GEAR UP and is an alumni of ECU. She is currently enrolled in the MAT Program in hopes of teaching English or Social Studies at the high school! Helping students navigate their future and implementing the Mock Interview Days has been her favorite part about the GEAR UP program.

Ms. Howard

Ms. Howard is in her fifth year with GEAR UP and has a Bachelor's from ECU and a masters from WKU. She has recently joined the National Guard which was a lifelong dream that became a reality after working with a student and helping him join. She hopes to be an inspiration to many students to help them realize it's never too late to follow your dreams.

Our Classroom

Gear Up was designed to help us, as students become more knowledgeable and ready for the next step after high school. That's with colleges, trades, military, or local jobs. Gear Up can always be that helping hand for students when going through stressful times in life.

Accomplishments

Our Gear Up team has done so many things for our students to learn more.

Last Year in Michael Estep's class, our Gear Up team purchased authentic frogs for all the students to cut open. All of the classes that had biology that year loved the opportunity we had.

Along with guest speakers coming in and getting the students engaged in activities.

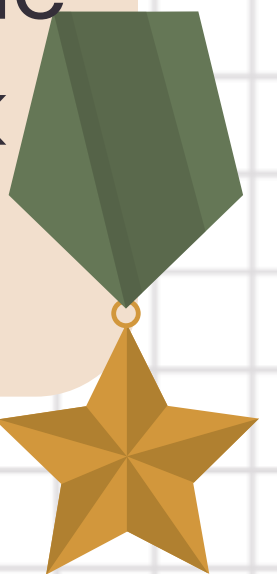

Stem Activities

Dalton

Gear up has helped me with the biggest opportunity of my life. They helped me discover the recruiter for the National Guard. Then they continued to help look more into my future to better me. So I was able to sign with them and now I just got back from basic training and I will be going back for AIT after I graduate.

Mock Interviews

Students

Students had to go for a mock interview to help prepare them for future job interviews. After completing a job application and resume.

Jobs

All the interviewers were local business owners or professionals. Each person was very nice and helpful

Teachers

By Gear up setting up Mock interviews it gives us an opportunity that no school gets. Plus, some students actually were offered positions.

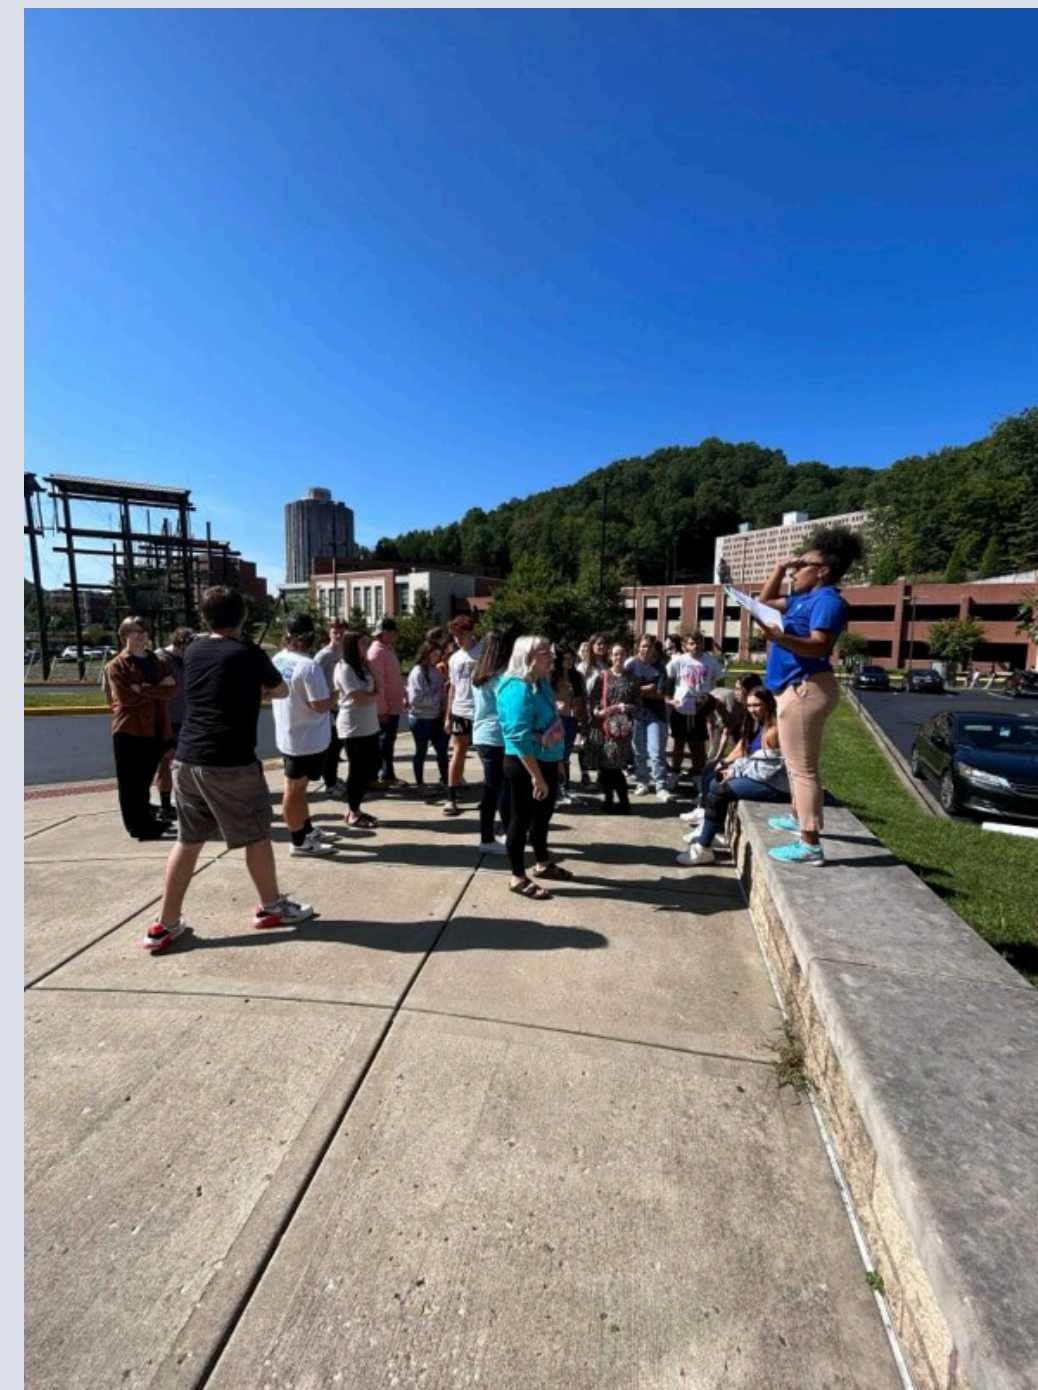

College Visits

- All the colleges we visit are planned through Gear up
- GEAR UP is knowledgeable of how to receive money and the different college pathways
- They will also help you get in touch with the right people and find the college you want to go to

COLLEGE VISITS

Thank you for Listening
