BACKGROUND INFORMATION:

Woodford County Public Schools has created a virtual learning academy (WVLA) school to support a continuum of need for all students including students with special education needs.

SUMMARY OF MAJOR ELEMENTS:

WVLA has a caseload of students under federal placement of IDEA (special education) that requires access to instruction per their Individual Educational Program (IEP). This WVLA is required to provide all students the same access under Americans with Disabilities Act (ADA) and under IDEA. In order to provide the mandated services per each IEP, a certified special education teacher is required to be staffed. This position will allow for students under IDEA to receive their required Specially Designed Instructional (SDI) Services.
