HYPE Student Leadership Conferences

**Takeaways to help
Board and Staff**

Utilized Student Leadership Group to manage and execute conferences that included a charitable donation drive that benefitted the Ronald McDonald House.

General Commentary

Our 16 member Student Advisory Group returned to Lexington on Sept. 18 to meet and prepare to manage our two conferences that were held Sept. 19 and 20 at the Central Bank Center in Lexington. Approximately 260 attended Thursday and 300 on Friday with no registration cost to the membership. Topics for breakout sessions included: Brain Mapping/Future Plans with Omari Pearson of Passion to Purpose; Relationship Building & Maintenance with Deb Hult, Co-Founder Core Trainings; and Team Building with Asbury University. Harvey Alston was the closing speaker with the message to challenge the student leaders to "Be the Best"! KHSAA Staff were present and assisted the students in making the two days another successful event. Thanks to the Board for the continued support of attending the National Student Leadership Summit and providing the Advisory Group the opportunity to come back and share experiences with students from across the state.
