RE: Cedar Grove Elementary School Playground Request *DC*

Cedar Grove Elementary School is requesting to install new playground equipment and to connect their two current playgrounds.. Funding for the project will be provided by the CGES PTO.

.I recommend approval of this request.

Re: CGES Playground Project
Date: October 24, 2024

Mr. Clemens,

We are requesting approval for a project at Cedar Grove Elementary School that will include some work on the playground borders and replacing one of the current playground sets. The CGES Parent-Teacher Organization has collected and saved funds to cover the complete cost for all phases of this project. At this time, the estimated cost for connecting the two playground areas and adding the required amount of rubber mulch is \$6,000. To remove the existing playground equipment and install a newly purchased one, the estimated cost is \$34,000.

We are in the process of getting feedback from our staff as to what that new equipment should look like. Once that has been finalized, our PTO leadership will work with the selected vendor to establish a timeline to begin and complete the project.

Please contact us with any questions or additional information that you may need.

Respectfully,

James Slaven
