RE: Request for Public Surplus Auction for Fire Alarm parts

I am requesting the items on the attached list be declared surplus property and that the Board authorize disposal of said property in accordance with Board policy. The items listed are no longer needed for school purposes and it is in the public interest for them to be declared surplus and sold at public auction.

Request for public auction to be held during the 2024/25 school year.

Donnie Thacker, Co-Director Maintenance
