Opening Remarks

Jeff Rogers opened the meeting by sharing a philosophy that he and Superintendent Six are going to model this year - "presume positive intent." To help improve the climate and culture of the school, they are going to model approaching discussions/interactions assuming that all participants have positive intent.

Superintendent Q & A Session

All council members were invited to ask Superintendent Six questions. She talked about her 35 years of service and her goals to: 1) Improve communication; 2) Build positive intent between staff and the board; 3) Love, lead, and serve. It was agreed upon that her 1 year interim position is beneficial for building relationships and allows for honest and candid conversations.

School Council

School council requested more information on SBDM vs. School Council. Pros and cons were discussed. More information will be needed to make a recommendation on how the district will move forward. If an SBDM is adopted, work will have to be done over the summer.
