**RE:** Bid Recommendation for Professional Architectural Services

Request for Proposals were sent to several architectural firms. After carefully reviewing proposals from several firms, meeting with them and considering both the creative vision and the technical expertise required, we believe that RossTarrant Architecture is exceptionally well-suited to meet our needs. They possess an excellent ability to listen to our needs and translate those ideas into tangible designs that reflect both our aspirations and the contextual requirements of the project. RossTarrant is also highly skilled at managing the entire design process, from concept to completion, with attention to detail at every stage. We would like to recommend RossTarrant Architects as the preferred architect for our SMS HVAC project.
