

**Reason to experient with this type of Tournament**

- We have an unbalanced number of teams in our Softball Districts within the 6th Region
- We have had numerous forfeits the past few years in the first round of the 6th Region Tournament
- We can eliminate district tourneys that lose money
- We can have a more competitive Regional tourney with better teams competeing for a regional title.

**Operations of the Super Regional Tournament**

- Award and recognize the District Champions and Runner Ups at their 1st round games of the Super Regional just like football (KHSAA Trophies)
- District seeds would be settled during the season and all teams must play everyone within their district
- Once all these seeds have been set; we will meet as a Region and have the draw.
  - \* We must even the districts by placing year one (rotate after year one to D23) District 24 #4 place team as the #3 seeded team in District #22 as done in football
- Pull for bracket placement - bracket could change from year to year due to teams playing. This year there are 14 teams playing softball in our region. ( see bracket on tab )
- Start Super Regional During the district week - Moday - May 20th - Play games at Higher Seeded facilities \* Option to play all games at Southern to make it feel like big time tourney.
- 2nd round will be played at Southern HS Thursday (23rd) and Friday (24th) \* Option to play all games at Southern to make it feel like big time tourney.
- Semi finals will be played at UL on May 28th
- Regional Championship played at UL on May 31st
- Have a player of the game after each game for the losing team - and all those kids can come to the Finals to be recognized.

**All-District Team Recognition**

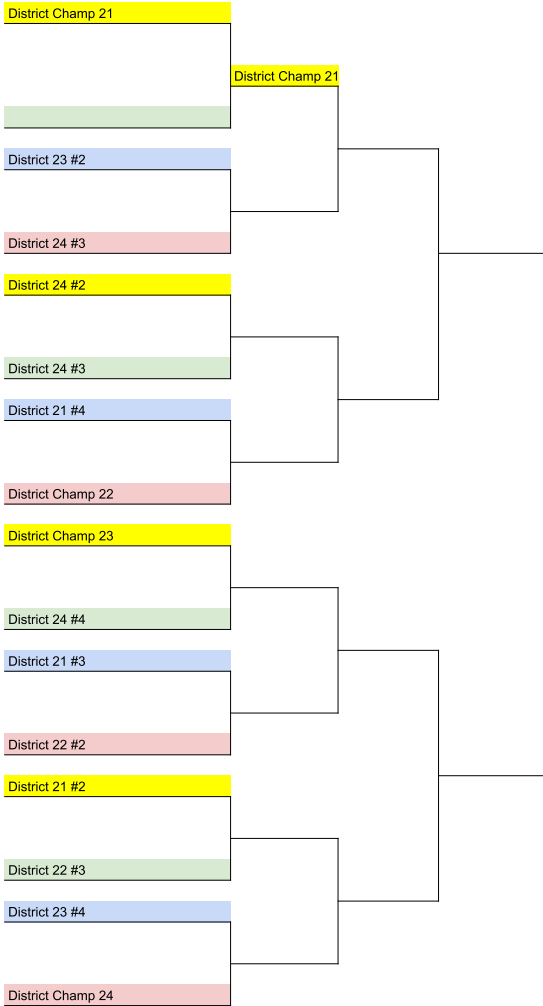

- At the draw these teams can be formed due to coaches being represented at the draw.
- We can have these players recognized by sending out via social media as All - District Players so they do not lose that recognition due to not having a District Tourney
