November 2024

Curriculum, Instruction, Assessment

- We are right in the middle of Fall LABS! Sara Teegarden and I have worked together to create a fresh learning experience for all teachers. We are watching pre-recorded lessons from teachers who do not work at BISD. Our hope is that this change will allow us all to have more honest and open discourse around missed opportunities within the lesson. Here is our learning target and success criteria for our time together this week:

LABS Fall 2024

Learning Target: As courageous thinkers, we will engage in the lab process so we can optimize student learning across all grade levels at BISD.

Success Looks Like:

- **Learn:** Engaging in a shared learning experience by observing teaching practices.
- **Act:** Actively participating in discourse about the lesson and teaching strategies.
- **Build:** Building a community of practice through collaboration and support.
- **Synthesize:** Synthesizing observations to enhance teaching and learning by setting individual goals.

- The Phase Two CSIP and CDIP documents (Safety Report & Needs Assessment) have been submitted. I have standing monthly meetings with both principals to work on the next phase and monitor progress. The completed 24.25 CSIPs and CDIP will be on next month's agenda for approval before being submitted to KDE.

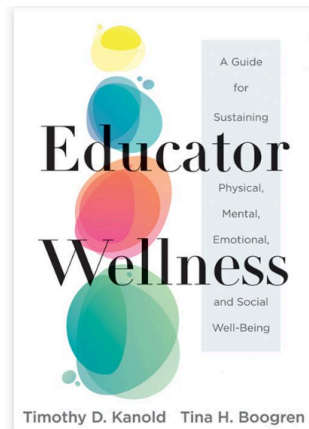

Gifted / Talented, English Language Learners, Mental Health

- I have attached separate reports from Ms. Elrod, Ms. Kuhn, and Ms. Novak. 😊

- SMILE Club is up and running! They're meeting every other week during FLEX on Thursdays. Most recently, they "Chalked the Walk" and created positive affirmations and quotes on the sidewalk in front of BMHS.
