Please let this serve as a request by the Henderson County Board of Education to waive the requirement per 702 KAR 4:170,b3.3, which requires preschool classrooms to have direct access from the room to a secure outdoor play area, with 2/3 turf and 1/3 paved. Given the restricted site area and the number of preschool classrooms, our architect has designed a central, secure outdoor play area, approximately 9,300 s.f., which is easily accessible from the preschool classrooms. This layout has been approved by the Early Childhood Center administrative staff, and we feel that it is appropriate for the intended use and will more than adequately serve our needs.
