# Newport Independent Comprehensive District Improvement Plan (CDIP) 2023-2026, Year 2: 2025

## Rationale

District improvement efforts are a collaborative process involving multiple stakeholders. Through the improvement planning process, leaders focus on priority needs, district funding, and closing achievement gaps among identified subgroups of students. When implemented with fidelity, the Comprehensive District Improvement Plan (CDIP) cultivates an environment that promotes student growth and achievement.

While the focus of continuous improvement is student performance, the work must be guided by the aspects of teaching and learning that affect performance. An effective improvement process should address the contributing factors creating the learning environment (inputs) and the performance data (outcomes). Through the Needs Assessment for Districts, priorities were identified and processes, practices, and/or conditions were chosen for focus. This goal building template will assist your improvement team to address those priorities and outline your targets and the activities intended to produce the desired changes. Progress monitoring details will ensure that your plan is being reviewed regularly to determine the success of each strategy.

# Requirements for Building an Improvement Plan

- There are seven (7) required district goals:
  - o State Assessment Results in reading and mathematics
  - o State Assessment Results in science, social studies and writing
  - o Achievement Gap
  - o English Learner Progress
  - o Quality of School Climate and Safety
  - o Postsecondary Readiness
  - o Graduation Rate

## **Alignment to Needs:**

Results of the Phase Two needs assessment process should inform the development of the comprehensive district improvement plan. List the identified priorities below to be addressed in order to build staff capacity and increase student achievement.

## **Priorities/Concerns from Needs Assessment for Districts**

List two or three of the greatest areas of weakness identified in question #5 of the Needs Assessment for Districts that will be thoroughly addressed in the strategies and activities outlined in this template.

Our greatest priorities and concerns from the Needs Assessment for Districts includes the academic proficiency of students at the elementary, middle, and high school levels with a specific focus on reading and mathematics proficiency. Student proficiency in separate academic areas of writing, science, and social students are also a great weakness. Student progress through response to academic intervention and a focus on the study/act of data will be addressed in the strategies and activities outlined to include academic gaps occurring for specific groups of students, graduation rate, and post secondary transition readiness.

## Processes, Practices, or Conditions to be Addressed from Key Elements Template

List two or three of the processes, practices, or conditions identified on the District Key Elements Template that the district will focus its resources and efforts upon and thoroughly address in the strategies and activities outlined in this template.

Through Strategic Planning, our stakeholders have identified Strategic Goals and Pillars that guide the work of the district. Our Pillars include a focus on: Professional Learning Communities, Response to Intervention, Culturally Responsive Practices, and Positive Behavior Interventions and Supports. Through data review of our district audit and with recommendations areas of focus include: Professional Learning Communities, Response to Intervention, and Coaching Cycles focused on improvement of the Instructional Process. This work also includes needs improvement recommendations for systems work aligned to progress monitoring at each level.

| Indicator   | Elementary<br>Status | Elementary<br>Change | Middle Status  | Middle<br>Change | High Status    | High Change    |
|---|----------------------|----------------------|----------------|------------------|----------------|----------------|
| State Assessment Results in reading and mathematics             | 37.3                 | -0.1                 | 38.4           | 2.7              | 36.3           | -1.9           |
| State Assessment Results in science, social studies and writing | 33.8                 | -13.8                | 32.9           | 3.7              | 38.4           | 3.9            |
| English Learner Progress  | 64.9                 | 4.2                  | Not reportable | Not reportable   | Not reportable | Not reportable |
| Quality of School Climate and Safety                            | 72.4                 | -0.1                 | 61.6           | -2.8             | 61.8           | 3.2            |
| Postsecondary Readiness (high schools and districts only)       | N/A                  | N/A                  | N/A            | N/A              | 78.6           | 4.6            |
| Graduation Rate (high schools and districts only)               | N/A                  | N/A                  | N/A            | N/A              | 92.2           | 0.5            |

<sup>\*</sup>Data includes all elementary and all secondary schools. School level data is individual.

Indicator
List the overall
scores of status
and change for
each level —
elementary
school (ES),
middle school
(MS) and high
school (HS) on
each indicator.

## 1 & 2: Reading, Mathematics, Science, Social Studies, and Writing State Assessment Proficiency

Goal 1 Goal 1: By 2026, Newport Independent School District will increase reading KSA Proficient/Distinguished scores to 60% for all students in elementary, middle, and high school and increase math KSA proficiency scores to 60% for all students in elementary, middle, and high school.

Goal 2 By May of 2026, Newport Independent School District will increase the Separate Academic Indicator in the areas of science, social studies, and writing to 60% proficiency as measured by the Kentucky Summative Assessment.

Strategic Action Plan: Teaching and Student Achievement- Enable the students to thrive in a learning environment that ensures successful transition through all levels of learning and ultimately college, career, and life. Cultivating a Culture of Growth and Capacity- Maximize the capacity of staff, teachers, and leaders to provide high quality opportunities by cultivating a culture of continuous improvement, collaboration, and professional learning while holding one another accountable to a growth mindset and a culture of equity and excellence.

| Strategy   | Activities   | Measure of Success   | Progress Monitoring   | Funding                  |
|--|--|--|---|--------------------------|
| KCMD 4 Decimand Decimals Standards                               | Through collaboration with the district leadership team, develop a standards implementation process for all standards to ensure a valid curriculum.  | Standards Implementation Action<br>Plan  | The District leadership team will create standards implementation action plans utilizing the district action planning process.  | General Fund             |
| KCWP 1: Design and Deploy Standards  Improvement Priority 1      | Communicate the standards implementation action plan process to all stakeholders with established timelines.   | Meeting sign in with agenda and presentation materials Plus/delta  | Meeting minutes agendas stakeholder feedback  | General Fund             |
| Review, revise, strengthen the process of the instructional core | Establish, model, and monitor expectations of fidelity to standards implementation and district wide core programs   | Pacing guide(s) with student scoring alignment   | Develop a monitoring system for fidelity to implementation of academic standards.   | General Fund             |
|  | Design, implement, and monitor professional learning to address, support, and enhance standards implementation at the individual, content, grade, and PLC levels.  | Pre and post self assessment Domain 1 & 3  | data trends shared with school<br>leadership and district leadership team<br>with next steps  | General Fund<br>Title I  |
|  | Review and revise the system of professional learning communities at each school by garnering teacher and school level feedback/perception data on use, access, implementation, monitoring, and barriers to the PLC process. | Professional learning community perception data  | A district wide instructional team will gain perception data from school staff on professional learning communities and set course of action in conjunction with school administration. | General Fund             |
| KCWP 2: Design and Deliver Instruction Improvement Priority 2    | Continue utilization of the instructional framework to enhance evidence of characteristics of highly effective teaching and learning and interdisciplinary practices.  | Evidence of student cognitive engagement through walk through data and assessment benchmarks   | Use of PDSA based on school problem of practice outlined with CSIP and school goals for improvement   | General Fund             |
| Professional learning, Coaching<br>Cycle, and CHETL              | Continue implementation of the Coaching Cycle at each school that leads to improvement of teacher practice and student engagement.   | Evidence of Coaching Cycle Walkthrough data comparison PDSA on current instructional work and support  | Data trend analysis shared at Principal meetings and with the District Cabinet one time monthly.  | General Fund<br>Title II |
|  | Ensure a process to develop and deliver professional learning within newly adopted core resources, scope and sequence, and science of learning to ensure student learning of rigorous standards                              | Social Studies and Science teachers will be trained in selected resources and scope and sequence to ensure student learning of rigorous standards. | Professional learning logs and walk through data with use of Core programming.  | General Fund             |
|  | Refine and implement a process to ensure writing cross-curricular is occurring in all content areas.   | Implementation of writing strategies   | school and district leadership data review of student work samples  | General Fund             |

Number of students enrolled and completing dual credit courses twice per year (winter/summer)                | General Fund                        |
|  | Ensure instruction designed and delivered in career pathways are aligned to the end of program assessments and industry certification.   | PLC data utilizing PLC process<br>Student progress tool through<br>pathways  | Pathway pacing guides and student rate of successful completion   | General Fund                        |

## 7: Graduation Rate

Goal 7: Newport Independent School District will increase the 4-year cohort graduation rate to 100% by 2026.

Strategic Action Plan: Teaching and Student Achievement- Enable the students to thrive in a learning environment that ensures successful transition through all levels of learning and ultimately college, career, and life.

| Strategy  | Activities  | Measure of Success  | Progress Monitoring   | Funding      |
|---|---|---|---|--------------|
| KCWP 5: Design, Align, Deliver<br>Support Processes  Promotion and Retention Profile of a Graduate Resources  2023 4 Year Graduation Rate | In collaboration with district and school leadership along with the school counselors and CCR Coach, quarterly monitoring will occur to review students in grades 9-12 progress toward graduation. Credits, Grades, Attendance, Early Warning tool, and outside barriers that are affecting students will be reviewed at this meeting. Support, barriers, and possible mentors will be identified for these students based on need. A student plan for success will be developed, implemented, and monitored. | Quarterly monitoring agendas Minutes Evidence of next steps/plan Mentor monitoring and supports- Transcript audits- Credit, grades, attendance, outside barriers- Counselor(s)/student monitoring- Early warning sign data-Academic/Social/Emotional/Beh avior data- Credit recovery data- Data of services provided by Youth Service Center  | Quarterly reporting to Cabinet team to include potential for retention, students with extended year plans, and action plans for student movement. | General Fund |
| Newport High 94.2<br>Newport School of<br>Innovation 77.3<br>NISD 90.7  | Develop a clearly defined plan that encompasses parameters for excellence of NISD students, graduates, and teachers. Profiles for each will include explicit expectations- adopted core values, parameters, integrity, inclusion of relationships, equity and accountability- as evidenced within the profile.  | In collaboration with district leaders, school level leaders, community stakeholders, parents, students will be calendared over a six month period to develop the profiles. scheduled meetings /agendas/ minutes identified collaborative partners developed timeline monthly cabinet review of work developed modeling and instructional expectations monitoring plan plan for communication/community advertisement | Final Portrait of a Graduate with completion by grade level.  | General Fund |
|   | Core Team will determine the current state and make recommendations on physical resources, human resources, and budgetary resources to meet RTI and promotion needs at the middle and secondary level, including a focus on parent and community access for student growth and family engagement.   | Current state and recommendations aimed at teacher need, student growth, and family engagement.   | Implementation plan based on recommendations.   | General Fund |

## 8: Systems of Support and Partnerships

Goal 8: Newport Independent will increase the integration of systems of support and activating partnerships.

Strategic Action Plan: Target and Prioritize critical resources (physical, human, instructional) to ensure safe, well-equipped and supported staff, students, and schools. Cultivating a Culture of Growth and Capacity-Maximize the capacity of staff, teachers, and leaders to provide high quality opportunities by cultivating a culture of continuous improvement, collaboration, and professional learning while holding one another accountable to a growth mindset and a culture of equity and excellence.

| Increase Kindergarten Readiness and opportunities for Early Learning | opportunities.   |  |  |                          |

## Special Considerations for Districts with Targeted Support and Improvement (TSI) including Additional Targeted Support and Improvement (ATSI) Schools

Districts with a school identified for TSI (including ATSI) must monitor and provide support to the school to ensure the successful implementation of the school improvement plan (703 KAR 5:280(10)). The local board of education must review and approve the revised school improvement plan for TSI (including ATSI) schools (KRS 160.346(4)(a)).

#### **Monitoring and Support**

**Consider:** Describe the district's plan for monitoring and supporting the school improvement plan of any school identified for TSI/ATSI. Include in your response information regarding the process for local board review and approval.

#### Response:

Targeted Support and Improvement Schools are engaged in professional advising and mentorship through NWEA and a District Liaison. This work focuses on building leadership around, "Culture of Collaborative Inquiry" and occurs no less than bi-monthly. All school leaders meet with the Superintendent once monthly to review academic, behavioral, and attendance data. In addition, school leaders identify next steps in their action planning. All schools in TSI status engaged in action planning and complete status checks in the school administrative meetings in addition to the meeting with the Superintendent. District Leadership has calendared data review at each checkpoint and no less than once monthly. Local board of education review includes a board work session in addition to the regular board meeting. Data is reviewed by school teams with the board in addition to district leadership.

If schools identified for TSI do not make adequate performance progress, as defined by the department, the local school district shall take additional action to assist and support the school in reaching performance goals (KRS 160.346 (4)(c)). Also, when a school is identified for ATSI, the district shall take more rigorous district-determined action to assist the school in reaching performance goals (KRS 160.346 (5)).

## **Additional/More Rigorous Actions**

Consider: List any school(s) that failed to exit TSI status this year. What additional actions and supports will be provided? Who will provide the support? List any school(s) identified for ATSI this fall. What more rigorous actions will the district take to assist and support the school(s)? Who will be responsible for those actions?

#### **Response:**

Newport Primary has exited CSI status and continues in TSI status.

Newport Intermediate has exited CSI status and continues in TSI status.

Newport High School has exited CSI status and continues in TSI status.

## **Additional Actions and Supports to Schools:**

Increased district walkthroughs with instructional coaches districtwide for an increase in data usage and next step planning

Increase in professional learning for school administration in budgeting, needs assessment, and action planning

Incorporation of a Building Equity Leadership Team at each school

Onboarding and New Teacher Orientation facilitated by district leadership

Instructional Coaches receive professional learning in coaching and the coaching cycle

Central Office restructured

Incorporation of Diversity, Equity, Inclusion, and Belonging to Director of District Wide Services to address teacher retention/recruitment and achievement gaps
