# Summary Report

Report created on 22 Oct 2024 18:01 PM UTC

## District Dashboard

This report provides enrollment, action plan and assessment data for schools in the selected district, for the selected program and assessment.

The data can be used to understand trends in work completed, identify current areas of focus, and suggests areas of opportunity for future policy and practice change efforts.

District id is Campbellsville Ind School Dist (KY) Program is Healthy Schools Program Assessment is Healthy Schools Assessment

## District Dashboard for Campbellsville Ind School Dist (KY)

### Program Enrollment

#### Program Support Definitions

#### Onsite Support

A Healthier Generation Program Manager for the program selected above meets with school staff in-person, conducting workshops and supporting schools' involvement in Healthier Generation programs.

#### Online or Virtual Support

Healthier Generation supports schools' involvement in programs virtually, working with a Virtual Program Manager, the Member Engagement and Support Team, and Content Experts, as well as webinars, email, phone, on-demand learning and other digital tools.

#### School Enrollment in Your District by Support Type

#### Enrollment Type

#### Number of Schools

Online or Virtual Support

4

Total: 4

This report provides enrollment, action plan and assessment data for schools in the selected district, for the selected program and assessment. The data can be used to understand trends in work completed, identify current areas of focus, and suggests areas of opportunity for future policy and practice change efforts.

For each response, shows # of schools, % of total schools.

District Dashboard

This report provides enrollment, action plan and assessment data for schools in the selected district, for the selected program and assessment. The data can be used to understand trends in work completed, identify current areas of focus, and suggests areas of opportunity for future policy and practice change efforts.

Number of Schools With the Item on Their Action Plan

The Action Plan information reflects items from the assessment selected above. The Action Plan is a tool to help enrolled schools manage tasks related to school health initiatives. Each school has one Action Plan, which can include items from any assessment.

District Dashboard

This report provides enrollment, action plan and assessment data for schools in the selected district, for the selected program and assessment. The data can be used to understand trends in work completed, identify current areas of focus, and suggests areas of opportunity for future policy and practice change efforts.

Ky | Action Plan Summary By Organization

**0 School(s) with at least one item from the selected assessment in "This Year's Goals" on their Action Plan.**

District Dashboard

This report provides enrollment, action plan and assessment data for schools in the selected district, for the selected program and assessment.

The data can be used to understand trends in work completed, identify current areas of focus, and suggests areas of opportunity for future policy and practice change efforts.

Average percent of assessment items fully implemented per school in your district; baseline responses compared to the current responses

**District Dashboard**

This report provides enrollment, action plan and assessment data for schools in the selected district, for the selected program and assessment. The data can be used to understand trends in work completed, identify current areas of focus, and suggests areas of opportunity for future policy and practice change efforts.

**KY | HSA | Progress Over Time | Baseline to Current | Change By Topic | Grid | POAD**

Topic	% Not Responded	% Declined	% Maintained	% Improved
Employee Wellness	0.0%	5.6%	83.3%	11.1%
Health & Physical Education	0.0%	10.0%	80.0%	10.0%
Nutrition Services	0.0%	5.6%	61.1%	33.3%
Physical Activity	0.0%	0.0%	80.0%	20.0%
Policy & Environment	0.0%	0.0%	75.9%	24.1%
Smart Snacks	0.0%	4.8%	66.7%	28.6%

**Change Status Definitions**

- Maintained - response is the same from baseline until latest response
- Declined - the baseline response was a higher ranking answer (for example: Fully In Place) on the answer scale of the selected assessment than the latest response (for example: Under Development)
- Improved - the baseline response was a lower ranking answer (for example: Partially In Place) on the answer scale of the selected assessment than the latest response (for example: Fully In Place)
- Denominator - The denominator for each topic is the number of schools that have responded to at least one question included in the selected assessment multiplied by the number of questions available in that topic.
