Re: 2024 - 2025 District Improvement Plan

Date: January 15, 2025

For the board's consideration, please review the components of our district improvement planning process for the 2024-2025 school year as required by the Kentucky Department of Education per 703 KAR 5:225. Below are the requirements and timeline for completion. Our process included district leadership meetings and a stakeholder meeting on December 10, 2024, with certified and classified staff, parents, teachers, community members, and school and district leadership. Included are the documents and any relevant attachments. Please let me know if you have any questions or areas for update or revision.

Upon your approval, we will continue to monitor our progress for each of the improvement plan activities and post items on our district website for public access.

Three additional components, the Continuation of Learning Plan, Professional Development Plan, and English Learner Plan (Lau Plan), are due May 1, 2025, and will be presented to you at a future board meeting.

The documents included are as follows with due dates within the Cognia online system as set by KDE:

- HCS 2024-2025 Continuous Improvement Diagnostic due by October 1, 2024
- HCS 2024-2025 Executive Summary due by October 1, 2024
- HCS 2024-2025 Need Assessment due by November 1, 2024
- HCS 2024-2025 District Assurances due by November 1, 2024
- HCS 2024-2025 District Safety Report due by November 1, 2024
- HCS 2024-2025 Superintendent's Gap Assurance due by January 1, 2025
- HCS 2024-2025 Comprehensive District Improvement Plan due by January 1, 2025
