NFHS Football Rules Committee Meeting

**Takeaways to help  
Board and Staff**

The NFHS Football Rules Committee remains the only committee where every state utilizing the NFHS playing rules are able to have a voting representatives. While there are always a number of proposed rules changes, the filter of having all states represented general results in limited changes and a difficult path for folks to fix a local problem with a national rule. The Commissioner and Associate Commissioner Cope attended this year's meeting in Indianapolis.

**General Commentary**

The rules changes approved by the committee go through a review process by both the NFHS Rules Review Committee and the Board of Directors before being announced. A copy of the news release on the approved changes should be expected in February.
