Mr. Tackett,
I'm reaching out to simply share the opinion of coaches and admin at Bullitt East High School. I just want to make sure you hear it straight from the source and not a third party.

It is our wish that Bullitt East be placed in the same district as the other two Bullitt Schools, if possible.

One of the main reasons we prefer this setup is to re-establish the intra-county rivalries and give the games a little bit more importance due to also being a district matchup. Our kids grow up playing against each other in middle school sports and we would like to see that same type of rivalry and atmosphere at the high school level.

Another reason would be that travel times to the other two Bullitt schools are less than what it often takes us to travel to Whitefield, Jtown, and Mercy. In the redistricting models that have been floated around, the travel time to Southern and Moore would not be significantly longer for us and would be relatively short for the other twin high schools.

Thanks for your time. If you have any questions please don't hesitate to reach out.

Kenny Hughes

Athletic Director, Bullitt East High School
Mount Washington, KY
502-869-6420
