Recommendation/Motion: N/A

Background/Rationale: The KY School-Safety & Resiliency Act established that each board of education shall develop a plan for implementing a trauma -informed approach in its schools. Since 2016, Fayette County Public Schools has focused on building capacity among staff, students and families as a trauma-informed school community. As part of District Improvement Planning, the trauma-informed education plan shall be incorporated in the Comprehensive District Improvement plan and submitted to the Kentucky Department of Education. The attached plan was developed and submitted to the Kentucky Department of Education on November 1, 2024. These strategies will be integrated into the Comprehensive District Improvement Plan supporting goals related to quality of school climate and safety and family engagement. Each school will create plans and strategies to support the Comprehensive School Improvement Plan. Support has been provided through PLCs.
