RE: Permission to Apply for Summer Food Service Program (SFSP)

The Department of School Nutrition Services (SNS) requests permission to apply for and participate in the Summer Food Service Program (SFSP) during the summer weeks of 2025. The SFSP ensures that children continue to receive nutritious meals when school is not in session. Breakfast and lunch meals are available at no cost to all children under the age of 19 years; these meals will be made available at approved SFSP sites in areas with significant concentrations of low-income children. Our department is planning to conduct non-congregate feeding, which will allow children to receive a weekly meal pack; meal packs will include daily breakfast and lunch meal offerings. This request for 2025 includes the need for, at maximum, fifteen (15) cook/bakers, three (3) kitchen managers and substitutes on an as-needed basis for no more than 40 days. Participation in the SFSP benefits other community programs, such as Right at School of Bullitt County, by providing free meals, thus allowing other program funds to go towards education and enrichment activities.
