

Counselor's Corner

Ms. Jennifer Weber

February 2025

- **School Spelling Bee:** Ms. Weber coordinated our school spelling bee where classroom bee winners and runners-up in grades 4-8 competed to select our school champion. Fourth grader, Lili Cole, won the schoolwide bee and will go on to compete as the Southgate representative in the WCPO regional bee on March 8, 2025. We are so proud of Lili and can't wait to see how she performs in the regional competition!
- **High School Visits/Applications:** Ms. Weber is working with administrators at Bellevue, Newport, and Dayton High Schools to coordinate school visits for our 8th grade students. We hope to take the students to the respective high schools in February and March, so they may make their final application decisions before spring break. Ms. Weber will put together application packets for each student and send them to the school(s) of their choice after the visits have been completed.
