NFHS Student Services Committee / National Student Advisory
Committee Meeting

General Commentary

I served as the Section 2 representative on the NFHS Student Services Committee January 26-28. This Committee reviewed presentations that included Mental Health of Students, NFHS Update, Inclusion Playbook, Students with Disabilities & Women's Leadership Initiatives, Middle School Committee Update and Student Centered Online Courses through NFHSLearn. In addition the Committee heard a report from the National Student Advisory Committee who was meeting in conjunction (January 25-28) with the Student Services Committee.

Tedi Henderson, a senior at DuPont Manual High School and KHSAA Student Advisory Group member, is also a member on the NSAC and was in attendance. He is the male Section 2 representative on the Committee.

Recommendations from the NFHS Student Services Committee go directly before the NFHS Board of Directors for review and consideration.
