Winter Swimming

**Positive Developments
and Highlights**

The State First Rounds of swimming were completed on February 8. Special thanks to Bowling Green HS, Trinity (Louisville) HS, and Scott HS for hosting. Locking the relay names from the postseason on showed improvement for management of the event.

**Issues of Concern
(legal, playing Rules,
fiscal management,
etc.)**

Participation numbers for both swimming and diving continue to decline. For reference, the regional participation numbers in 2024 were 2,420. For 2025, that number declined to 2301. We will continue to monitor our numbers and discuss with coaches ways to assist in increasing participation.

**Championship
Update/Review**

The State Championships will take place February 20-22 with Diving on February 20th, girls' swimming on February 21st and boys' swimming on February 22.
