Spring Baseball

**Positive Developments
and Highlights**

With reminders to Athletic Administrators and to the coaches that were in attendance at the KHSBCA Conference, we have seen an increased effort to make sure seeding procedures are detailed and updated.

**Issues of Concern
(legal, playing Rules,
fiscal management,
etc.)**

There were only 2 playing rules changes and 5 points of emphasis for the rules clinic this year. The use of technology continues to be a discussion point with administrators across the country and the NFHS.

**Championship
Update/Review**

Plans continue for Kentucky Proud Park to host the State Tournament with Legends Field as a backup if needed. Legends staff have shared a continued desire to host as needed.
