**Takeaways to help
Board and Staff**

The Commissioner and Associate Commissioner Cope attended the NFHS Rules Committee meeting in Indianapolis in January. More than two dozen proposed rules changes were reviewed and analyzed with only a few actually resulting in playing rules changes.

Each state that uses NFHS rules is permitted one member on the committee and that large group process is very good for filtering out proposals that likely would change rules that would not work well at this level.

The Commissioner is a part of the final rules editing and revision process and Mr. Cope is acclimating well to the work of this committee.
