

AT BUCKNER

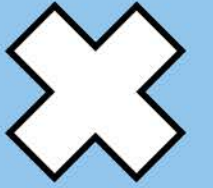

Everyone Does Everything!

Learning new forms of communication to show our friends we care

Bears Who Care

At Buckner, we are Bears Who Care

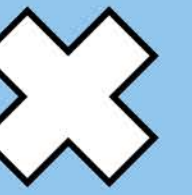

Can everyone do everything?

Are there things that are hard for some of our bears to communicate?

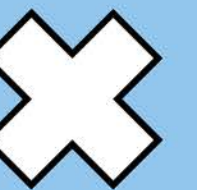

How can we be Bears Who Care about our friends?

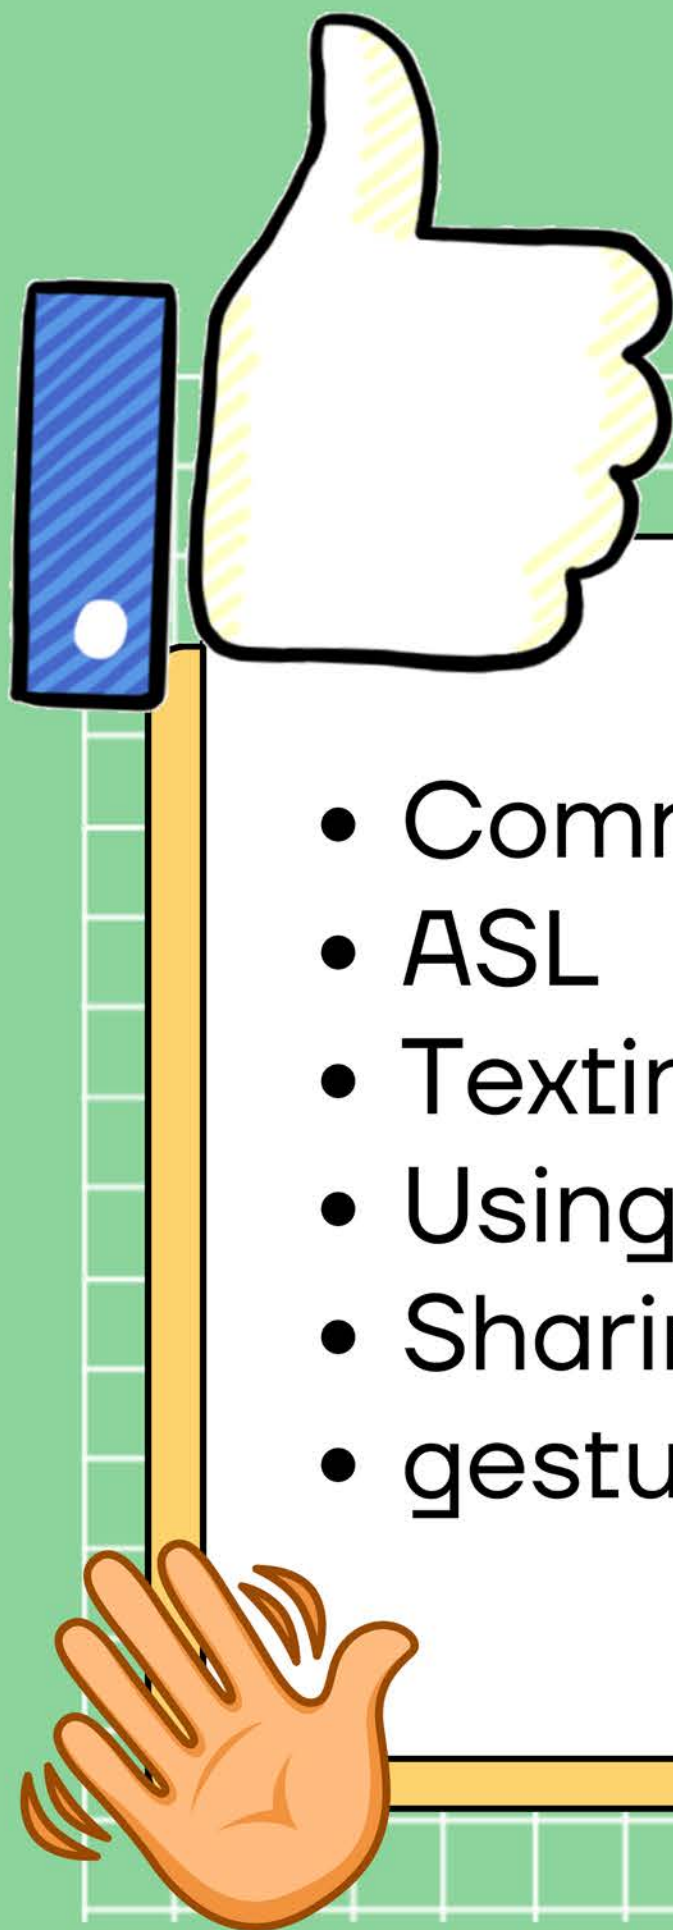

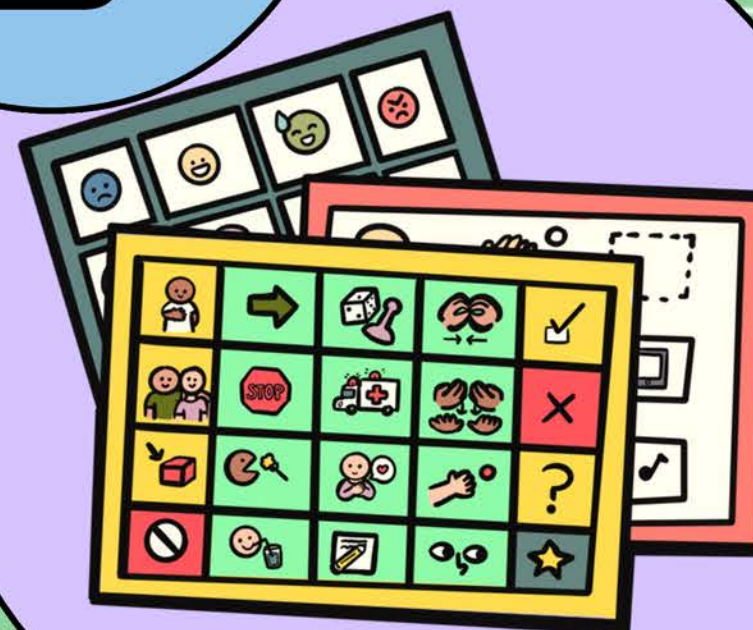

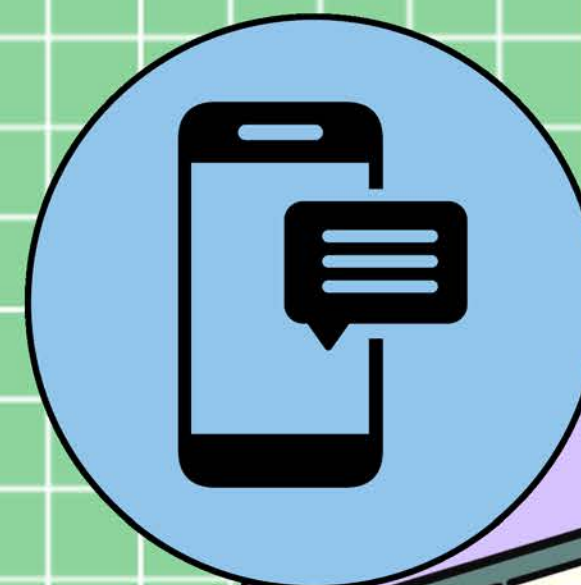

AAC Awareness

AAC stands for Augmentative and
Alternative Communication

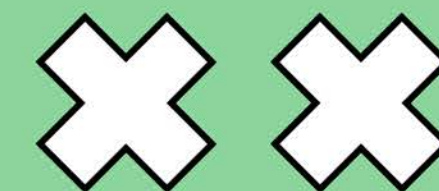

Types of AAC

- Communication Device
- ASL
- Texting
- Using pictures
- Sharing GIFs
- gesture

AAC Awareness month at Buckner

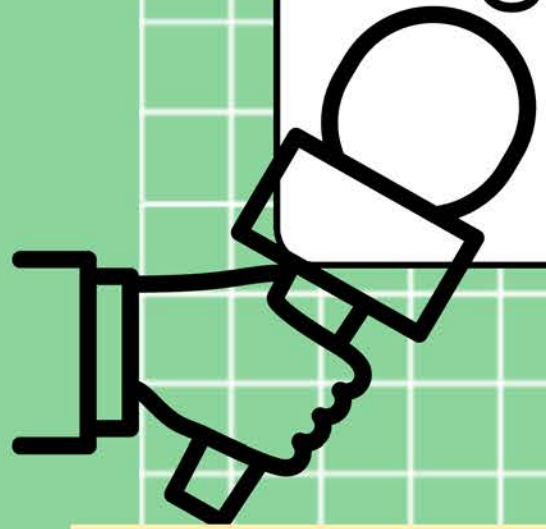

Visits to classrooms allowed students and teachers to experience using an AAC device

AAC Awareness month at Buckner

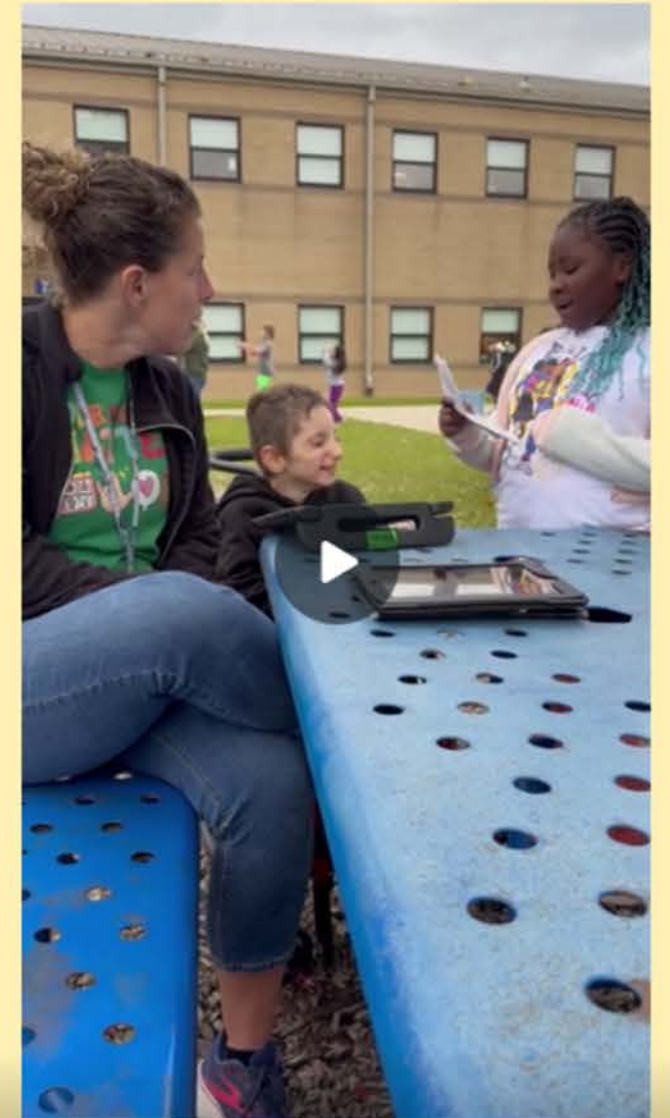

Student Leaders took the questions generated by their peers and interviewed our AAC users

I love my school

At Buckner, we care about each other and want to communicate with each other. We love learning new things, and we show we care by taking the initiative to learn new ways to communicate. Let us teach you how to say "I love my school" in ASL!
