Parameters for a Successful Rental

Client is responsible to ensure the venue management and/or staff have agreed for Say Cheese Photo Booth to be in attendance at their venue at the agreed time and sufficient space exists for Socialite to be set up and operated. The "Halo" and "Socialite" booth styles require 64 square feet of space for proper photos. These photo booths *can* be operated within less than 64 square feet of space, however, client understands the capacity to capture group photos of 4 or more people will be compromised. The "Spinster 360" video booth requires a minimum 121' square feet of space for proper operation and safety of guests. Physical backdrops require an 8 ft. height clearance for proper installation.

Client is responsible to ensure:

1. A 110 volt electrical outlet or generator power source will be available or made available for operation of the photo booth(s).
2. A table (cocktail size or larger) will be made available to Say Cheese Photo Booth to station the photo booth printer and photo props.

the safety considerations of guests, equipment, and the venue's property, client agrees that set up of a physical backdrop for an outdoor setting *may not* be achievable. Final determination will be made on site during set up by a staff member of Say Cheese Photo Booth and communicated to the client.

Client understands and agrees with these terms:
