**Re:** Equipment Purchase – Middle School Kitchen

---

During the 2014-2015 school year, I purchased 2 new UNOX combi ovens for the Middle School kitchen. Over the past few years, we have continually had to service both ovens to keep them operable. During this school year, servicing these ovens was no longer an option. Both are no longer working and are not able to be serviced any more.

I worked with several vendors on quotes and the best pricing came from Manning Brothers for the purchase of 2 new UNOX combi ovens. The purchase of these ovens is well within the Food Service budget. These ovens are necessary for the daily operation of the Middle School kitchen to feed our students.

Manning Brothers is an approved vendor on the KDE bid list. Combi Ovens are state-of-the-art ovens that are designed to deliver all types of cooking techniques within one unit. By utilizing these types of ovens, we will be able to cut our cooking times in half.

If you have any questions, please let me know.
