**RE:** Lebanon Junction Elementary School Gaga Pit **DC**

Lebanon Junction Elementary School is requesting approval of a Gaga Ball Pit. The gaga Pit will be located in the school playground area. The school is providing the materials and the Gaga Pit is being built as an Eagle Scout project.

**.I recommend approval of this request.**

Re: LJES Gaga Pit

Lebanon Junction Elementary would like to add a Gaga Pit to our playground area. Our school has a small playground with limited structures for play at recess. It is difficult for classes to play due to the limited structures, so many students play their own games in a different area. With a small PTA, fundraising efforts are minimal and funding is not available to purchase new equipment. Adding a Gaga Pit to our playground area will provide a space where many students can play at one time.

On our playground, we have a large area that is currently used by students to play tag, football, and other games. Installing a Gaga Pit in this space will still leave plenty of space for these activities while providing a new option for physical movement at recess.

Our PE and Steam teacher are heading up this project. They have spoken with a Boy Scout who wants to use this project to earn Eagle Scout status. The school will provide the materials and the two teachers will work with the scout to complete the project. Once complete, signage will be created using the school laser cutter and videos will be created to teach the student body the rules of the game and how to use and access the Gaga Pit during recess.

Daniel Mullins, Principal
