

NKU STEM

Camps & Academies

Summer 2025

This summer, 2nd-12th graders will enjoy exploring STEM subjects using NKU's state-of-the-art facilities and technology. These 5-day programs are perfect for kids and teens to kick summer boredom and keep their wheels turning in FUN and unexpected ways!

Rising 2nd-9th graders

gain STEM experiences not often found in the classroom, and take home souvenirs, curious minds, and a boost in confidence about their abilities.
