## Description of Work

Install ventilation through wall for extractor in Innovation Lab

## Services to be Completed

- \*Provide 2-6" wall penetrations through exterior wall
- \*Provide and install 2-6" aluminum wall caps with backdraft dampers and bird screen
- \*Provide and install 6" spiral as required through wall
- \*Provide and install escutcheon plates for inside
- \*Provide installation of tunnel blocking plate and exhaust spigot (Customer Supplied)
- \*Provide and install medium temp flex from extractor adaptor to 6" duct

### Exclusion:

\*Cutting through wall is estimated to be wood framing with Stucco. If concrete, rebar, or rock is discovered during all penetration's, then an addition quote will be given or Time & Material will be required.

NOTE: Work will be performed during normal business hours and quoted as such

**GRAND TOTAL \$5,225.00**
