2024-2025 Phase Four: Professional Development Plan for Districts for School Year 2025-2026

Research demonstrates a positive link between high-quality professional learning (HQPL), teaching practices and student outcomes. Effective professional learning not only has the potential to improve both classroom instruction and student outcomes, but also it can be effective in recruiting and retaining teachers. When designing and/or selecting HQPL at the local level, it is important to ensure alignment to the characteristics of [High-Quality Professional Learning](#).

The purpose of this diagnostic is to support the district in designing and implementing a professional development plan that aligns to the goals established in [KRS 158.6451](#) and the local needs assessment. [704 KAR 3:035](#) establishes the annual professional development plan.

Per Section 2. "each local school and district shall develop a process to design a professional development plan that meets the goals established in [KRS 158.6451](#) and in the local needs assessment. A school professional development plan shall be incorporated into the school improvement plan and shall be made public prior to the implementation of the plan. The local district professional development plan shall be incorporated into the district improvement plan and posted to the local district Web site prior to the implementation of the plan.

Section 3 further provides, "Each school and local district professional development plan shall contain the following five (5) elements:

1. A clear statement of the school or district mission;
2. Evidence of representation of all persons affected by the professional development plan;
3. A needs assessment analysis;
4. Professional development objectives that are focused on the school or district mission, derived from the needs assessment, and specify changes in educator practice needed to improve student achievement; and
5. A process for evaluating impact on student learning and improving professional learning, using evaluation results."

1. Professional Development Plan

What is the district's mission?

The Anchorage Independent School District endeavors to unite with the Anchorage community to equip all students with the knowledge, skills, behaviors, and mindset that will inspire and empower them to make a positive impact on their community and world.

2. The needs assessment provides the framework for **all** districts to clearly identify their most critical areas for improvement that will be addressed in the planning process through the development of goals, objectives, strategies, and activities. What are the **top two areas requiring professional development?**

New Math Instructional Resource Training/Reading Skills for all Areas of Curriculum - The adoption of a new math resource will require elementary teachers and middle school math teachers to participate in professional learning regarding effective teaching and learning of this new resource. Those teachers who do not teach math will take part in professional learning that will enhance their ability to integrate reading skills into all subject areas

Innovation Lab - Explore, Embrace, Embed - As Anchorage Public School develops the new Innovation Lab, teachers of all grade levels and subject areas will participate in professional learning that will enhance their ability to integrate the technology of the Innovation Lab into their curricula.

a. What are the specific **objectives** (long-term and short-term) for this professional development?

The first identified area requiring professional development will support Goal 1 (improvement of state Reading and Math proficiency), Goal 2 (increased proficiency in Science, Social Studies and Writing), Goal 3 (students with disabilities achieving proficiency).

ATTACHMENTS

Attachment Name

Draft Professional Development 2025-2026

b. What are the **intended results** of this professional development (e.g. student outcomes, educator beliefs, practices)?

The expected outcomes of this professional development is to both increase student achievement outcomes, as well as enhance teaching and learning in the classroom.

ATTACHMENTS

Attachment Name

Draft Professional Development 2025-2026

c. How will this professional development be monitored for **evidence of implementation**?

i. What data will be considered and gathered (e.g. student work samples, curriculum-based assessments, classroom observations, teacher feedback)?

ii. Who is responsible for gathering? (teachers, coaches, administrators, etc.)

iii. How frequently will this data be analyzed? (monthly, quarterly, etc.)

Teachers, interventionists and administrators will gather formative and summative data (throughout the school year), data from MAP (three times yearly) and KSA (once from previous school year) assessments, as well as anecdotal data from classroom teachers. PLC's will regularly discuss and analyze data in order to best meet the needs of students.

d. What will be the **indicators of success** of this professional development (e.g. improved formative assessment data, teacher efficacy and perception data, ongoing classroom data points)? Consider the completed actions or markers that need to occur that would indicate the goals and objectives have been achieved and **describe in detail**.

Trimester analysis of data by professional learning communities will take place. Improvement in student reading and math assessment data, as well as improvement in Science, Social Studies and Writing scores will be considered an indicator of success. Student goal setting will be adjusted based on current data. A decrease in the number of students who are projected as novice on MAP and KSA will also be considered a measure of success.

f. What specific **resources** are needed to support this professional development (e.g. staff, funding, technology, specific instructional resources, professional development from vendors, release time for professional learning)?

i. What funding source(s) will be utilized to support this professional development?

ii. What will be the start date and anticipated completion date for each professional development activity? If professional development is ongoing, specify the frequency of activity across the year.

iii. What supplies and resources will be needed to implement this professional development?

Resources needed to support this professional development are trained staff either from within, from OVEC. Continued generous funding support of the school district as approved by the school board, APTA and community provide needed resources for teacher teacher professional development.

g. What specific **ongoing supports** will be provided for professional development implementation (e.g. district level coaches will work with teacher teams monthly, building level coaches will lead monthly professional learning communities using instructional resources from professional development, bi-monthly release time for teachers to analyze student work or cooperatively plan, monthly meetings with mathematics

consultant)? The ongoing supports should be connected to the specific professional development area identified in question 3.

Friday early release days will provide the time for job embedded professional learning, as well as follow up to formal professional learning via group sharing, vertical and horizontal curricular team meetings and grade level PLC meetings.
