History/Background:

Existing Policy: KRS 161.048(10) establishes the Option 9 alternative route to certification. This route provides for the expedited certification of a person to teach at any grade level through a cooperative program between a college or university and a school district. The expedited certification program will result in a bachelor's degree and initial certification within three school years. The candidate is not certified while completing the route but shall complete a residency/paraprofessional component and receive coaching and mentoring from experienced teachers. 16 KAR 9:110 establishes the standards and procedures for Option 9 and contains sections covering providers, residency, field experience, student teaching, application review, continuance of program approval, revocation for cause, reconsideration, data reports, and professional certificates.

Summary: Marshall County Schools has partnered with the University of the Cumberlands to develop a proposed Option 9 program. In accordance with Section 5 of the regulation, staff has reviewed the application and found that it meets the requirements of KRS 161.048 and 16 KAR 9:110.
