II) Dates and Sites for Tournaments

District tournament sites shall be selected by a site selection plan approved by a unanimous vote of the schools eligible to compete in each district tournament. If a district is unable to resolve conflict over the plan, the Board of Control shall establish a plan.

Only schools which are members of the Association prior to January 1 of the year in which the tournament is held, shall be allowed to vote for the district tournament location or participate in the tournament

For the boys' regional tournaments in even numbered years, the host shall be the district winner in the even numbered district. If that school does not desire to host, the opportunity shall next be offered to the district runner-up in the even numbered district. If that school does not desire to host, the opportunity shall next be offered to the district winner in the odd numbered district. If that school does not desire to host, the opportunity shall next be offered to the district runner up in the odd numbered district. This pattern will rotate in odd numbered years. If the host school/site declines to host the Regional Tournament at its home site, it will be that school's responsibility to find a host site. However, this would not alter the "Odd/even" rotation sequence for future post season tournaments.

For the boys' sub-section, the even numbered region winner will host the sub-section contest in even numbered years. This hosting pattern will rotate in odd numbered years. If the winning region school/site declines to host the Regional Tournament, at its home site, it will be that school's responsibility to find a host site.

For the boys' sectional tournaments, the even numbered sub-section winner will host the section contest in even numbered years. This pattern will rotate in odd numbered years. If the winning sub-section school/site declines to host the Regional Tournament, at its home site, it will be that school's responsibility to find a host site.

For the girls' regional tournaments in even numbered years, the host shall be the district winner in the odd numbered district. If that school does not desire to host, the opportunity shall next be offered to the district runner-up in the odd numbered district. If that school does not desire to host, the opportunity shall next be offered to the district winner in the even numbered district. If that school does not desire to host, the opportunity shall next be offered to the district runner up in the even numbered district. This pattern will rotate in odd numbered years. If the host school/site declines to host the Regional Tournament at its home site, it will be that school's responsibility to find a host site. However, this would not alter the "Odd/even" rotation sequence for future post season tournaments.

For the girls' sub-section, the odd numbered region winner will host the sub-section contest in even numbered years. This hosting pattern will rotate in odd numbered years. If the winning region school/site declines to host the Regional Tournament, at its home site, it will be that school's responsibility to find a host site.

For the girls' sectional tournaments, the odd numbered sub-section winner will host the section contest in even numbered years. This pattern will rotate in odd numbered years. If the winning sub-section school/site declines to host the Regional Tournament, at its home site, it will be that school's responsibility to find a host site.

The Board of Control shall determine the site of the state finals after receiving the Commissioner's recommendation, and shall be guided by necessary hotel facilities, playing facilities, and community/area support.

III) Tournament Managers

The principal of the host school shall designate an official of the

school to serve as the manager for each district tournament. The Commissioner will appoint a manager for each of the regional, sub-sectional and sectional tournaments, and shall serve as the manager for the state tournament. The Commissioner may appoint as many assistant managers as deemed necessary to manage the event. It is the duty of each district, regional, sub-section (if appropriate) and section tournament manager to invite representatives of the participating teams in the tournament to a meeting held for the purpose of making tournament plans.

It is an explicit duty of each tournament manager to inform the association IMMEDIATELY as to the bracket / pairings / entries / results when requested by KHSAA staff and according to the time deadlines provided including the actual site of the tournament if it is not held at the school. In addition, it shall be the duty of the manager of each contest in soccer, volleyball, football, basketball, baseball and softball to contact the KHSAA Scoreboard with the final results following each contest. This is in addition to fulfilling local media requests. The Board of Control has approved the policy that the receipts of a tournament can be assessed (a fine levied against the manager) for failure to comply with these provisions.

The representatives of the schools participating in each tournament, by majority vote, shall set the dates and times of the games, and make all other arrangements necessary to conduct the tournament. The Commissioner will direct the drawing and all of the business necessary to conduct the state tournament.

IV) District Tournament Seeding Regulations

A) For district tournaments with three teams, the district tournament shall be seeded in accordance with the following three-team seeding regulations:

- 1) Each team in a three-team district is required to play the other two teams in the district in two contests each year, at mutually agreed sites. These games will produce a uniform means of ranking the teams by seed within these districts.
- 2) The team with the highest seed (one seed) receives a bye in the district tournament, and advances to the championship game.
- 3) The remaining two teams would play in the first round of the district tournament with the loser of that game being eliminated.
- 4) In the case of a two-way tie for the district winning position, the winner in the second game played between the tied district opponents would have the higher finishing position.
- 5) In the case of a three-way tie for the district winning position, the tie would be resolved in the following manner. If any of the tie-breakers results in one of the teams being ahead of the other two, the tie is broken. If any of the tie-breakers result in two teams remaining ahead of the third, then the two-way tie breaker shall be used to determine the winner between those two.
 - a) The tie-breaking mechanisms (in order) shall be:
 - i) If the tie remains between all three teams, the record in the second game played against all district opponents involved in the tie.
 - ii) If the tie remains between all three teams, the record in the first game played against all district opponents involved in the tie.
 - iii) If the tie remains between all three teams, then the total points allowed in all seeded games shall be the next tie-breaker.
 - iv) If the tie remains between all three teams, then the total points allowed in the second of each of the seeded games shall be the next tie-breaker.
 - v) If the tie is still unbreakable, then a blind draw among the three teams shall break the tie.
 - b) Additional tie-breaking mechanisms could be added, and would be uniform for all three-team districts.

B) For district tournaments with four or more teams, the district tournament brackets may be drawn by random lot or placed into the bracket using a seeding system. A majority vote (recorded in writing) of the Principals, Athletic Directors or Designated Representatives of the schools in the district is required in order to make or change seeding decisions. In the absence of any documentation, minutes or other verification, the districts shall not be seeded. The regulations concerning the seeding of a district with four or more teams are as follows:

- 1) The decision to seed and the method used in seeding (including all tie-breakers) shall be determined by majority vote of the participating teams in the district and the manager shall record this vote in writing and submit it to the Association. The representatives making the written declaration shall decide all issues related to seeding,
- 2) Seeding methods shall be determined prior to the start of the regular season, recorded in writing with a copy provided to the KHSAA, and shall remain in place until a majority vote of the participating schools rescinds or changes the seeding decisions. Such changes to the district seeding plan may not be made for the current year once play has begun in the regular season.
- 3) In the event of dispute, the current copy on file with the KHSAA shall prevail in determining resolution.
- 4) Seeding plans may, at the discretion of the majority vote of the schools, stipulate a particular team to a particular seeded position.
- 5) It shall be the district tournament manager's responsibility to update the Association with respect to any changes to the seeding decision or method being used and any relevant tiebreakers. In the absence of this documentation, consultation with, and written verification and documentation from, prior year tournament managers, will be utilized by staff to assist with interpretation and clarification.
- 6) There is no statewide regulation on a seeding method once the determination has been made to seed. Some of the more common and recommended means of seeding is the record of games played within a district provided all teams have played all other teams. In that case, each district shall adopt tie-breaking procedures in the event that the primary method of seeding results in a tie or other situations arise which cause an alteration in the scheduled seeding method. Among the more common tie-breaking methods are 1) seeding by overall win-loss record; seeding by win-loss record in specific contests, 3) seeding by a rating/ranking from a statewide poll, 3) seeding by a majority vote, 4) seeding by a committee, and 5) seeding by a rating turned in by each school.
- 7) If win-loss records are used for seeding, the records used shall be the records as of the date of the pre-tournament meeting as published on the KHSAA memorandum calendar. Teams and school representatives may meet during the regular season to discuss tournament operations (i.e. dates, times, sites, tournament personnel needs, etc.). However if an organizational meeting is held prior to the published date on the calendar, no discussions may be held regarding the bracketing or pairings of specific teams unless all mandated seeded games have been played prior to the meeting. Games played after the published meeting date SHALL NOT factor into the seeded position.
- 8) Seeded games unable to be played for any reason (with the exception of verified forfeited contests) prior to the published date for the district tournament meetings will be recorded as a win and a loss for both teams in computing seeded position.
- 9) If a change in the alignment of teams moves a single new team into a previously seeded district during the current school year, the previous decision as to seeding shall prevail. If the new team enters the alignment following the completion of all game contracts and the new team is unable to schedule all required opponents, the new team shall be seeded in the last position for the current season, and shall be included in seeded game scheduling for the subsequent seasons. If a single change in the alignment occurs prior to the end of the previous school year, the district teams will conduct a new vote as to seeding.
- 10) If a change in the alignment of teams moves more than one team into a seeded district, the district teams shall conduct a new vote as to seeding. A tie vote will result in the seeding decision being not seeded.
- 11) If the Board of Control approves a total realignment of teams within a district, the teams in the district shall conduct a new vote as to seeding. A tie vote in this situation shall result in the district being not seeded.

V) Tournament Meetings and Pairings

A) District (non-seeded). The district meetings shall be held in the school designated as the tournament host not later than the second Sunday (one week and one day) prior to the week of the

C) Tied games (Regular Season)

When a game is tied at the end of a regular season contest that is not part of an event where a progression to the next round is dependent upon that game's winner, the game shall end tied.

D) Tied games in Progression Events (Regular Season)

1) When the score is tied at the end of regulation time, the referee will instruct both teams to return to their respective team areas. There will be five minutes during which both teams may confer with their coaches and the head referee will instruct both teams as to proper procedure.

2) All coaches, officials and team captains shall assemble at the halfway line to review the procedure as outlined below:

- a) The head referee shall choose the goal at which all of the kicks from the penalty mark shall be taken.
- b) Each coach will select any five players, including the goalkeeper, on or off the field (except those who may have been disqualified) to take the kicks.
- c) A coin toss shall be held as in Rule 5-2-2e. The team winning the toss shall have the choice of kicking first or second.
- d) Teams will alternate kickers. There is no follow-up on the kick.
- e) The defending team may change the goal keeper prior to each penalty kick.
- f) Following five kicks for each team, the team scoring on the greatest number of these kicks shall be declared the winner.
- g) Add one goal to the winning team score and credit the team with a victory. The KHSAA strongly recommends that an asterisk (*) be placed by the team advancing to indicate the advancement was the result of a tiebreaker system.

3) If the score remains tied after each team has had five kicks:

- a) Each coach will select five different players than the first five who already have kicked to take the kicks in a "sudden victory" situation, wherein if one team scores and the other team does not score, the game is ended without more kicks being taken. If a team has fewer than ten available players at the end of the first set of kicks from the penalty mark due to either injuries or disqualification, the coach shall use all players who have not participated in the first five kicks. The coach may choose additional players from the first five kickers to ensure that five different players participate in the second set of kicks.

b) If the score remains tied, continue the "sudden victory" kicks with the coach selecting any five players to take the next set of alternating kicks. If a tie still remains, repeat 4-A.

4) During all tiebreaker penalty kicks, the ball remains alive until its momentum is spent, it goes out of bounds or it is retouched by the kicker.
