Re: Request for First Reading & Discussion of BCPS AP 09.111.AP.21 related to homeschool
procedures

Dear Board Members,

I am writing to request that we amend BCPS AP 09.111 AP.21 to reflect our new homeschool procedures for families that are requesting to homeschool their students.

In an effort to better understand the needs of our families and their desire to homeschool their children, we are developing a google form for families to complete to serve as their **Letter of Intent** to homeschool their children.

We value all our families in Bullitt County and this will allow us to better understand why families decide to homeschool their children vs. keeping them enrolled in Bullitt County Public Schools.

I believe that these changes will benefit our students, support our community, and provide more transparency to our district on why families choose to homeschool their children.

I request that the Board review and discuss these proposed changes and consider their adoption.

Thank you for your attention to this matter.

Sincerely,

Steve Smallwood
Director of Pupil Personnel
