Change Order Description And Justification

CMTA and Gene Ray have evaluated the power needs of the building and grounds building and determined it would be in the best interest of the school to upgrade the service to the building now off of the new transformer being set for Child Nutrition. This would increase available amperage for the building and grounds team/print shop from 375 Amps to 800 Amps. This will more than cover the current operations and future buildings being built at the back of the property for a fraction of the cost it would take to do this later.

Cost Benefit To Owner See CO description.

Contract unit prices have been utilized No to support the cost associated with this change order.

Detailed Cost Breakdown

Contract unit prices have not been utilized, provide a detailed cost breakdown which separates labor, material, profit and overhead.

Detail Item	Amount	Percent of Total
Labor	\$4,107.64	67.12%
Materials	\$0.00	0.00%
Profit and Overhead	\$1,497.87	24.48%
Bond Insurance	\$514.40	8.41%
Cost Breakdown Total:	\$6,119.91	

Cost for this Change Order supported No by an alternate bid or competitive price quote

Explain Why

CMTA felt the cost was reasonable given their conversations with Gene Ray. This was confirmed verbally in the meeting on 3/18/2025 when HCS asked CMTA for their opinion.
