Winter Swimming

**Championship  
Update/Review**

Due to weather conditions, the state diving competition had to be rescheduled. Staff was able to do the diving competition in between the swimming break of each gender. So for 2025, there were only 2 days of swimming & diving championships. It worked very well and we thank the member schools, coaches and athletes for their flexibility in scheduling. Ticket sales for 2025 through all state rounds was up nearly 400 tickets. Special thanks to Bowling Green, Trinity (Louisville) and Scott High School for hosting the state first round at various sites. This is the 2nd year (of the previously approved 3-year experiment) with the first round. We have seen an increase in participation numbers at the first round and an increase in fan attendance.

**Noteworthy Changes /  
Anticipates Changes**

NFHS Rule Changes will be reviewed for any potential changes to the 2026 season.
