Spring Team Tennis

**Issues of Concern
(legal, playing Rules,
fiscal management,
etc.)**

The reduction in available courts is the biggest issue of concern regarding the State Tennis Championships. The eight recreational courts that were previously utilized at the University of Kentucky have been demolished, while Shillito Park is down to eight Tennis courts.

The current format/schedule for the team tennis tournament dictates that a site must have 10 courts in order to run two team matches at once. The University of Kentucky meets this requirement only if the indoor courts are used along with the stadium courts. Shillito Park no longer has 10 Tennis courts, so the Sayre Athletic Complex will be the second site for this year's team event.

This does not factor in the limited number of indoor courts available in case of inclement weather.

**Championship
Update/Review**

The 2025 KHSAA State Tennis Team Tournaments will take place on June 3-4. The first round and quarterfinals of the girls' team event will be played at the University of Kentucky, while the first two rounds of the boys' team event will be held at the Sayre Athletic Complex. All matches on June 4 will be contested at the University of Kentucky.

The two sites being used this year are both in Fayette County, which will help reduce logistical concerns for participants and spectators traveling between venues.
