The cost of the audit is: \$30,500

If there is any increase in the audit cost from last year, please provide an explanation:

The primary factors contributing to our fee increase are:

1. *Rising Operational Costs* – The overall expenses of running our firm, including personnel, technology, professional insurance, and compliance requirements, have increased compared to the prior year.
2. *Regulatory and Industry Changes & Peer Review Requirements* – Enhanced scrutiny and documentation standards for audit engagements require additional time and effort to ensure full compliance, leading to an increase in audit fees.
