Re: One Time Transfer Rule

Date: April 16, 2025

I am writing to express my concern over the possibility of a one time transfer rule to be implemented in the state of Kentucky. There is much more to this issue to explain than this short memo to the board of control.

I have had the opportunity to serve in many roles in high school athletics throughout my career. I was a head football coach for 14 years and assistant coach for 8 years. I also served as Athletic Director for 10 years, high school principal for 7 years and now my 6th year as superintendent. High school athletics has been a big part of my career and more importantly to schools, communities and students that we serve in Kentucky.

College athletics has completely been turned upside down with the one time transfer rule. My concern for athletics in Kentucky is we could see the same issues that the college world is dealing with. I would be more than happy to discuss these issues in person, but wanted to be on the record that I am opposed to a one time transfer rule for athletics in the state of Kentucky. I appreciate you taking the time to read this and all that you do for high school athletics in Kentucky.
