

KHSAA360 UPDATE (AT NO CHARGE TO SCHOOLS)

- Accomplishments (Continued)
 - Personnel Data Conversion
 - Roles and Permissions – Continuing to evolve
 - Student Data Conversion (rosters and intentional limitations)
 - Movement of old data to new system
 - Training, Training, Training and more Training, with “some” demo at regional meetings, but lots of opportunities for one-on-one with RC
 - More in-person planned for August, 2025 in conjunction with specific region meetings
 - FOCUS FOR 2024-2025 HAS BEEN ON SCHOOLS

KHSAA360 UPDATE (AT NO CHARGE TO SCHOOLS)

- Timeline and Horizon and Next Steps
- Additional Positions/Role
 - Designated Representative (deadline May 3)
 - Will integrate with contracts and transfers
- End of Year Participation Reporting
 - Title IX Reporting (both initial and final)
 - Deadline Extended to May 19

KHSAA360 UPDATE (AT NO CHARGE TO SCHOOLS)

- Transfer Processing
 - On schedule for roll-out for July, 2025
 - Totally online and between schools
 - Definitely should speed up processing but be mindful of minimum processing period (three working days)
 - Onus definitely shifting to sending school to contest the facts around transfer and not association
 - No charge for schools to use membership life through Arbiter forms
- Membership Form and Dues via Arbiter, August, 202

KHSAA360 UPDATE (AT NO CHARGE TO SCHOOLS)

- Shortcomings and Challenges
 - Focus on Association Tools
 - Continued Evolution of Tools used by Schools (even though working now transparent to users)
 - Academic All State and Triple Threat
 - Scoreboard

KHSAA360 UPDATE (AT NO CHARGE TO SCHOOLS)

- Shortcomings and Issues- Scores and Schedule Entry
- Primary issues continue to show up, and most is simply due to the fact that there are multiple cooks in the same kitchen
 - Do not re-use game slots of cancelled games
 - Do not delete games (issues with assigners), use cancel feature
 - Communicate with assigner if you change levels of previously entered games
- Likely some new opportunities around regular season bracketing due to Rschool acquisitiong

UPDATES – LEGISLATIVE AND LEGAL

- Revisions to Bylaw 10 around NIL and KHSAA Help for Schools with NIL education
- Continued fallout from 2022 HB563 (2023 SB145) regarding reciprocal agreements
 - Bottom line, until a student is subject to the KHSAA transfer rule, the out of district ineligibility rule for athletics does not apply
- There is no new "COVID" year available for those who did not, in writing, ask for and get approved for the option by the deadline, and then spend 21-22 as a supplemental year for 2020-21.
 - SB128 (2021) was extremely specific and binding on KHSAA (including financial SEEK ramifications)

UPDATES – LEGISLATIVE AND LEGAL

- Issues around Legislature are primarily in two areas. First is transfer rule
 - Current transfer rule viewed as punitive in many cases
 - Issues and changes around the nation
- Inconsistent definitions of "one-time" transfer throughout country so be careful what conclusions you draw
- Does not appear to be support in any circles for a wide-open, one-time free provision after you have played varsity (i.e. Indiana, Florida)

UPDATES – LEGISLATIVE AND LEGAL

- Legislative Issues Around Transfer Rule (continued)
- As required by statute and regulation, Board continues to look with staff at the current rule
- No one likes the current collegiate anarchy and legislative leadership, at least in one chamber, is supportive of revisions, but KHSAA member control of those revisions
- One-time free without restrictions would without a doubt favor more resource-intensive schools and lead to a widening of the success gap
- While individual members of the legislature have opinions, there is no united effort (yet)
- Keep in mind we are surrounded – TN, IN, OH, WV. IL likely next.

UPDATES – LEGISLATIVE AND LEGAL

- Transfer Rule (continued)
- Issues around membership commitment to application of the rule
 - How can we get the members as excited about enforcing the rule on an enrolling student as they are on students that are leaving.
 - What changes can be made to ensure integrity of the data reported (i.e. participation threshold)
 - Willingness of local level to investigate given inherent restrictions

UPDATES – LEGISLATIVE AND LEGAL

- Transfer Rule (continued)
 - When should the transfer restrictions begin, especially in light of HB563 and continued Open Borders enrollment provisions
 - Penalties for ineligibility
 - Challenges of mid-season and after contests/practice start transfers
 - Closing loopholes and remembering the displaced student

UPDATES – LEGISLATIVE AND LEGAL

- Transfer Rule (continued)
- Will compile data for board to be presented at regional and annual meetings
- Will be soliciting past two years of page one of the form via survey
- Plans at this time are to have proposals ready and final in July for discussion at Annual Meeting and a vote of the membership

UPDATES – LEGISLATIVE AND LEGAL

- Issues around Legislature are primarily in two areas. Second is non-full time enrolled student participation (bylaw 4)
 - Between legislative sessions, research group will be reviewing SEEK funding
 - Consideration of attendance threshold is always on the docket (ADM vs ADA)
 - Funding for partly enrolled students (fractional SEEK) will again be discussed
 - At least as of now, no major overhaul proposed
 - Discussion of non-full time enrolled students (or a different definition for enrolled) could impact Bylaw 4 and COULD include home school provisions

UPDATES – LEGISLATIVE AND LEGAL

- Review of Due Process Procedure
- Review of new online system may help with changes
- Timelines are a source of concern for legislature, etc even though they imposed them through KRS 13B

UPDATES – DUE PROCESS OBSERVATIONS

- As a school (points to ponder):
 - You can't just want tight enforcement for everyone else
 - You need to stay consistent on feedback, don't express one thing when you are submitting your information, and another when the case is heard on appeal
 - Less than five states are involved any more with "investigating" transfers, for the most part simply because their local administrators don't want the local drama

UPDATES – DUE PROCESS OBSERVATIONS

- Waiting until just before the season begins to process students long in your building isn't really fair to anyone involved
- Prioritization of Current Season Appeals
- Due Process Challenges Additional
- Hearing Observations

UPDATES – CURRENT OPERATIONS/SPORTS

- Tackett
 - Triennial Survey
 - Will focus on three items, STUNT, Pickleball and Girls Flag Football
