Supplemental Information Exhibit 1.0

The “work” stated in sentence one of the *Interim Contract* document, page 1, can be described as starting the pre-construction and construction process. These processes will start once a more complete set of drawings are received by Wehr Constructors, INC, which includes but is not limited to architectural, civil, and structural sets. Once received, if desired, a preliminary budget can be sent out for subcontractors to review the drawings and provide budget numbers for an estimate of building costs. Following that, a full KDE contract can be written for full execution between Hardin County Board of Education and Wehr Constructors, INC.
