How Did Students Across the District Grow From Fall to Spring?

Comparison of Median Student Performance and Median Percent of Typical Growth

Growth

Median percent of typical growth achieved, differentiated by fall placement levels

Performance

Median student performance relative to 22-23 National Norms
(50th percentile is the national median)

How Did Students Across the District Grow From Fall to Spring?

Comparison of Median Student Performance and Median Percent of Typical Growth

Growth

Median percent of typical growth achieved, differentiated by fall placement levels

Performance

Median student performance relative to 22-23 National Norms
(50th percentile is the national median)

How Did Students Across the District Grow From Fall to Spring?

Comparison of Median Student Performance and Median Percent of Typical Growth

Growth

Median percent of typical growth achieved, differentiated by fall placement levels

Performance

Median student performance relative to 22-23 National Norms
(50th percentile is the national median)

How Did Students Across the District Grow From Fall to Spring?

Comparison of Median Student Performance and Median Percent of Typical Growth

Growth

Median percent of typical growth achieved, differentiated by fall placement levels

Performance

Median student performance relative to 22-23 National Norms
(50th percentile is the national median)

How Much Did Growth Vary Across Baseline Placement Levels?

Median Percentage of Typical Growth Achieved by Baseline Placement Level

		K	1	2	3	4	5	6	7	8	All Students
