

Board Report

Jim Seward, Director of Technology

May 2025

End-of-year

We are collecting all student and staff devices before the end of the year. We are preparing to roll out new Chromebooks for summer school and then the 25-26 school year.

New Employees

We have hired Alex Thompson as our summer technician (seasonal position). He will be working closely with our team for the months of June and July 2024. He will be an integral part of getting our district ready for the next school year.

Summer

The Tech Team will be extremely busy this summer. New Chromebooks, new copiers, new network/wireless, construction, internet content filter, identity management and a host of other projects.
