DATE:
05/14/2025

AGENDA ITEM (ACTION ITEM):
Consider/Approve an agreement with Infinite Campus (IC) for the Campus Learning module for the 2025-26 school year.

APPLICABLE BOARD POLICY:
01.11 General Powers and Duties of the Board

HISTORY/BACKGROUND:
The Office of Education Technology (OET) has previously paid for two optional Infinite Campus modules, Online Registration and Campus Learning Management, for all KY K-12 school districts through federal funding. With the recent cut to certain federal funds, OET is no longer able to fund Online Registration or Campus Learning Management after June 30, 2025. The KCSD utilizes one of these modules, Campus Learning Management. This module allows the District's learning management software, such as Schoology and Performance matters, to pass information from Schoology into Infinite Campus. This pass-through function provides efficiency to teachers by moving student data back and forth without manual and dual entry into multiple software systems. The District's Technology department and Academic team recommend continuing with the IC Campus Learning module. To continue with this module, the District will be responsible for the cost of the module beginning with the 2025-26 school year. District staff will use the 2025-26 school year to explore additional options for the Campus Learning functionality.

FISCAL/BUDGETARY IMPACT:
$13,895 from the general fund.

RECOMMENDATION:
Approval to an agreement with Infinite Campus (IC) for the Campus Learning module for the 2025-26 school year.
