RE: Mt. Washington Elementary School Baseball Field Gate Request **DC**

Mt. Washington Elementary School is requesting approval for the installation of a gate at the back entrance, specifically behind the baseball field. This request is being made in partnership with Mt. Washington Baseball, which has expressed concerns regarding the safety of players, families, and spectators during games and practices. Mt. Washington Baseball is fully funding the cost of purchasing and installing the gate.

.I recommend approval of this request.

Re: Baseball Field Gate

I am writing to formally request approval for the installation of a gate at the back entrance of Mt. Washington Elementary School, specifically behind the baseball field. This request is being made in partnership with Mt. Washington Baseball, which has expressed concerns regarding the safety of players, families, and spectators during games and practices.

Currently, cars are able to drive behind the baseball field during events, which creates a potential safety hazard for children and attendees. The proposed gate would help restrict vehicle access during games and practices, ensuring a safer environment for everyone involved.

Mt. Washington Baseball has generously offered to fully fund the cost of purchasing and installing the gate. We believe this addition would enhance the safety and security of our shared space without causing disruption to school operations or access for maintenance and emergency personnel.

We kindly ask for your permission to move forward with this project. If approved, we will work closely with the appropriate district and facilities personnel to ensure the gate is installed in compliance with all regulations and standards.

Thank you for considering this request. Please feel free to contact me with any questions or for further details.

Sincerely,

Leslie Weihe
