

## Counselor's Corner

June 2025

Ms. Jennifer Weber

- **Mental Health Grant Updates:** Ms. Weber attended the grant steering committee meeting on Thursday at NKCES. We have done well with our grant expenditures this year, and we will be working toward spending the remainder of our professional development money provided by the grant this summer. We are interested in using the remaining funds to attend the Innovative Schools conference in July in Nashville. We hope to have our mental health team positions filled by this time so that any new team members can attend the conference as well.
- **Summer Learning:** Ms. Weber will be sharing time with Mrs. Hansman in June/July overseeing the 21<sup>st</sup> century summer learning program. We are still actively recruiting students to join the summer program, and we are hopeful to have many of our students back in the building for some fun (and learning) during the summer months!
- **GOTR 5K Race:** Our Girls on the Run race day was a success once again! BIG thanks to the staff members who volunteered their time on a Saturday morning to be running buddies for our girls: Mr. Duty, Ms. Ware, Mrs. Griffith, Ms. Dean, Mr. Tolle, Mr. Egan, Mrs. Melville, and Ms. Rachel. Small school, big pride!
