## **§ 3 - Occupational License Tax Payment Required**

- (1) Except as provided in subsection (2) of this section, every person or business entity engaged in any business for profit and any person or business entity that is required to make

#### **§ 4 - Apportionment**

- (1) Except as provided in subsection (4) of this section, net profit shall be apportioned as follows:
- (a) For business entities with both payroll and sales revenue in more than one (1) tax district, by multiplying the net profit by a fraction, the numerator of which is the payroll factor, described in subsection (2) of this section, plus the sales factor, described in subsection (3) of this section, and the denominator of which is two (2); and

- (b) For business entities with sales revenue in more than one (1) tax district, by multiplying the net profit by the sales factor as set forth in subsection (3) of this section.
- (2) The payroll factor is a fraction, the numerator of which is the total amount paid or payable in the school district during the tax period by the business entity for compensation, and the denominator of which is the total compensation paid or payable by the business entity everywhere during the tax period. Compensation is paid or payable in the school district based on the time the individual's service is performed within Fayette County.
- (3) The sales factor is a fraction, the numerator of which is the total sales revenue of the business entity in the school district during the tax period, and the denominator of which is the total sales revenue of the business entity everywhere during the tax period.
  - (a) The sale, lease, or rental of tangible personal property is in the school district if:
    - 1. The property is delivered or shipped to a purchaser, other than the United States government, or to the designee of the purchaser within Fayette County regardless of the f.o.b. point or other conditions of the sale; or
    - 2. The property is shipped from an office, store, warehouse, factory, or other place of storage in Fayette County and the purchaser is the United States government.
  - (b) Sales revenues, other than revenues from the sale, lease or rental of tangible personal property or the lease or rental of real property, are apportioned to the school district based upon a fraction, the numerator of which is the time spent in performing such income-producing activity within Fayette County and the denominator of which is the total time spent performing that income- producing activity.
  - (c) Sales revenue from the sale, lease, or rental of real property is allocated to the tax district where the property is located.
- (4) If the apportionment provisions of this section do not fairly represent the extent of the business entity's activity in the school district, the business entity may petition the school district or the school district may require, in respect to all or any part of the business entity's business activity, if reasonable:
  - (a) Separate accounting;
  - (b) The exclusion of any one (1) or more of the factors;

- (3) When compensation is paid or payable for work done or services performed or rendered by an employee, both within and without Fayette County, the license tax shall be measured by that part of the compensation paid or payable as a result of work done or service performed or rendered within Fayette County. The license tax shall be computed by obtaining the percentage which the compensation for work performed or services rendered within Fayette County bears to the total wages and compensation paid or payable. In order for the school district to verify the accuracy of a taxpayer's reported percentages under this subsection, the taxpayer shall maintain adequate records.
- (4) All partnerships, S corporations, and all other entities where income is "passed through" to the owners are subject to these Regulations. The occupational license tax imposed in the Resolution is assessed against income before it is "passed through" these entities to the owners.
- (5) If any business entity dissolves, ceases to operate, or withdraws from Fayette County during any taxable year, or if any business entity in any manner surrenders or loses its charter during any taxable year, the dissolution, cessation of business, withdrawal, or loss or surrender of charter shall not defeat the filing of returns and the assessment and collection of any occupational license tax for the period of that taxable year during which the business entity had business activity in Fayette County.
- (6) If a business entity makes, or is required to make, a federal income tax return, the occupational license tax shall be computed for the purposes of these Regulations on the basis of the same calendar or fiscal year required by the federal government, and shall employ the same methods of accounting required for federal income tax purposes.

#### **§ 5 - Employers to Withhold**

- (1) Every employer making payment of compensation to an employee shall deduct and withhold from the compensation an occupational license tax calculated under Section (3) of these Regulations.
- (2) Every employer required to deduct and withhold tax under this section shall, for the quarter ending after January 1 and for each quarter ending thereafter, on or before the end of the month following the close of each quarter, make a return and report to the school district, and pay to the school district, the tax required to be withheld under this section, unless the employer is permitted or required to report within a reasonable time after some other period as determined by the school district.
- (3) Every employer who fails to withhold or pay to the school district any sums required by these Regulations to be withheld and paid shall be personally and individually liable to the school district for any sum or sums withheld or required to be withheld in accordance with the provisions of this section.
- (4) The school district shall have a lien upon all the property of any employer who fails to withhold or pay over to the school district sums required to be withheld under this section. If the employer withholds, but fails to pay the amounts withheld to the school district, the

lien shall commence as of the date the amounts withheld were required to be paid to the school district. If the employer fails to withhold, the lien shall commence at the time the liability of the employer is assessed by the school district.

- (5) Every employer required to deduct and withhold tax under this section shall annually on or before February 28 of each year complete and file on a form furnished or approved by the school district a reconciliation of the occupational license tax withheld where compensation is paid or payable to employees. Either copies of federal forms W-2 and W-3, transmittal of wage and tax statements, or a detailed employee listing with the required equivalent information, as determined by the school district, shall be submitted.
- (6) Every employer shall furnish each employee a statement on or before January 31 of each year showing the amount of compensation and occupational license tax deducted by the employer from the compensation paid to the employee for payment to the school district during the preceding calendar year.
- (7) An employer shall be liable for the payment of the tax required to be deducted and withheld under this section.
- (8) The president, vice president, secretary, treasurer or any other person holding an equivalent corporate office of any business entity subject to this section shall be personally and individually liable, both jointly and severally, for any tax required to be withheld from compensation paid or payable to one or more employees of the business entity, and neither the corporate dissolution or withdrawal of the business entity from the school district, nor the cessation of holding any corporate office, shall discharge that liability; provided that the personal and individual liability shall apply to each and every person holding the corporate office at the time the tax becomes or became obligated. No person shall be personally and individually liable under this subsection unless such person had authority to collect, truthfully account for, or pay over the tax imposed by the Resolution at the time that the taxes imposed by the Resolution become or became due.
- (9) Notwithstanding subsections (7) and (8) of this section, every employee receiving compensation in the school district subject to the tax imposed under Section (3) of this resolution shall be personally liable for any amount of taxes and penalties due. In all cases where the employer does not withhold the tax levied under this resolution from the employee, such employee or employees shall be responsible for filing with the school district each quarter in the same manner as if they were the employer.

#### **§ 6 - Returns Required**

- (1) All business entity returns for the preceding taxable year shall be made by April 15 of each year, except returns made on the basis of a fiscal year, which shall be made by the fifteenth day of the fourth month following the close of the fiscal year. Blank forms for returns shall be supplied by the school district.
- (2) Every business entity shall submit a copy of its federal income tax return and all supporting statements and schedules at the time of filing its occupational license tax return with the

school district. Whenever, in the opinion of the school district, it is necessary to examine the federal income tax return of any business entity in order to audit the return, the school district may compel the business entity to produce for inspection a copy of any statements and schedules in support thereof that have not been previously filed. The school district may also require copies of reports of adjustments made by the federal government.

- (3) Every business entity subject to an occupational license tax governed by the provisions of these Regulations shall keep records, render under oath statements, make returns, and comply with rules as the school district from time to time may prescribe. Whenever the school district deems it necessary, the school district may require a business entity, by notice served to the business entity, to make a return, render statements under oath, or keep records, as the school district deems sufficient to determine the tax liability the business entity.
- (4) The school district may require, for the purpose of ascertaining the correctness of any return or for the purposes of making an estimate of the taxable income of any business entity, the attendance of a representative of the business entity or of any other person having knowledge in the premises.
- (5) The full amount of the unpaid tax payable by any business entity, as appears from the face of the return, shall be paid to the school district at the time prescribed for filing the occupational license tax return, determined without regard to any extension of time for filing the return.

#### **§ 7 - Extensions**

- (1) The school district may grant any business entity an extension of not more than six (6) months, unless a longer extension has been granted by the Internal Revenue Service or is agreed to by the school district and the business entity, for filing its return, if the business entity, on or before the date prescribed for payment of the occupational license tax, requests the extension and pays the amount properly estimated as its tax.
- (2) If the time for filing a return is extended, the business shall pay, as part of the tax, an amount equal to twelve percent (12%) per annum simple interest on the tax shown due on the return, but not been previously paid, from the time the tax was due until the return is actually filed and the tax paid to the school district. A fraction of a month is counted as an entire month.

#### **§ 8 - Refunds**

- (1) Where there has been an overpayment of tax under Section (5) of these Regulations, a refund or credit shall be made to the employer to the extent of overpayment only if a written application for refund or credit is received by the school district from the employer within two (2) years from the date the overpayment was made.

- (2) An employee who has compensation attributable to activities performed outside Fayette County, based on time spent outside Fayette County, whose employer has withheld and remitted to this school district, the occupational license tax on the compensation attributable to activities performed outside Fayette County, may file for a refund within two (2) years of the date prescribed by law for the filing of a return. The employee shall provide a schedule and computation sufficient to verify the refund claim and the school district may confirm with the employer the percentage of time spent outside Fayette County and the amount of compensation attributable to activities performed outside Fayette County prior to approval of the refund.

### **§ 9 - Federal Audit Provisions**

- (1) As soon as practicable after each return is received, the school district may examine and audit the return. If the amount of tax computed by the school district is greater than the amount returned by the business entity, the additional tax shall be assessed and a notice of assessment mailed to the business entity by the school district within five (5) years from the date the return was filed, except as otherwise provided in this subsection.
  - (a) In the case of a failure to file a return or of a fraudulent return the additional tax may be assessed at any time.
  - (b) In the case of a return where a business entity understates net profit, or omits an amount properly includable in net profits, or both, which understatement or omission, or both, is in excess of twenty-five percent (25%) of the amount of net profit stated in the return, the additional tax may be assessed at any time within six (6) years after the return was filed.

The times provided in this subsection may be extended by agreement between the business entity and the school district. For the purposes of this subsection, a return filed before the last day prescribed by law for filing the return shall be considered as filed on the last day. Any extension granted for filing the return shall also be considered as extending the last day prescribed by law for filing the return.

- (2) Every business entity shall submit a copy of the final determination of the federal audit within thirty (30) days of the conclusion of the federal audit.
- (3) The school district may initiate a civil action for the collection of any additional tax within the times prescribed in subsection (1) of this section.

## **§ 10 - Administrative Provisions**

- (1) No suit shall be maintained in any court to restrain or delay the collection or payment of the tax levied by the Resolution.

  - (a) In any case where the assessment period contained in Section (9) of these Regulations has been extended by an agreement between the business entity and the school district, the limitation contained in this subsection shall be extended accordingly.
  - (b) If the claim for refund or credit relates directly to adjustments resulting from a federal audit, the business entity shall file a claim for refund or credit within the time provided for in this subsection or six (6) months from the conclusion of the federal audit, whichever is later.

For the purposes of this subsection and subsection (1) of this section, a return filed before the last day prescribed by law for filing the return shall be considered as filed on the last day.

Further, this prohibition does not preclude any employee of the tax district from testifying in any court, or from introducing as evidence returns or reports filed with the tax district, in an action for violation of a tax district tax law or in any action challenging a tax district tax laws.
- (2) The school district reserves the right to disclose to the Commissioner of Revenue of the Commonwealth of Kentucky or his or her duly authorized agent all such information and rights to inspect any of the books and records of the school district if the Commissioner of Revenue of the Commonwealth of Kentucky grants to the school district the reciprocal right to obtain information from the files and records of the Kentucky Department of

- (3) In addition, the school district is empowered to execute similar reciprocal agreements as described in subsection (2) of this section with any other taxing entity, should there be a need for exchange of information in order to effect diligent enforcement of these Regulations.
