

25-26 Student Code of Conduct

What is the Student Code of Conduct?

This document is intended to define and govern behavior at all Fayette County Public Schools and Programs. This is a guidance document that gives autonomy to schools to address behavior within the parameters outlined. This document provides schools with the definitions of specific behaviors as well as Supportive and Traditional Consequences that are matched to the defined behaviors.

This is our second year of having the SCOC live electronically on our District's Website. Please [click here](#) to find the landing page for the Student Code of Conduct. This is where you can find the document in English as well as translations for our top 7 languages.
