

## **Assistant Superintendent Report**

### **June 2025**

#### **Curriculum, Instruction, Assessment**

- Guaranteed & Viable K-12 Curriculum
  - We spent three days in May working with the teachers from BMHS in all content areas working on the pacing and unit internalization guides. We will continue this work with GES in mid July. All of the teachers were very engaged, asked great questions, and overall there was a very positive feeling about the implementation.
  - We are 90% finished with building the pacing guides for all content areas, K-12. You can view the document [here!](#) This document will go live on our portion of the website in late July and will be accessible by families, students, parents, and all stakeholders.
- Assessment Data
  - The BOE spotlight in June will be a report on Spring MAP from both schools.
- KyCL Grant
  - I worked with Jennifer Hoover to submit another round of reimbursements from our KyCL grant. This grant is ending soon, as all funds must be encumbered by September 30, 2025.

## **Professional Development**

- The 25.26 BISD Professional Learning Plan is located [here](#).
  - I've also included the dates / topics in the list below.
- I spent the first two weeks in June attending several professional development workshops across the state. I'm excited to intentionally plan what I've learned and integrate into our priorities for next year. So far this summer, I've attended:
  - *Clifton Strengths @ NKCES (with Jay Brewer and our district leadership team)*
  - *Artificial Intelligence for Students & Educators @ OVEC (with Ms. Teegarden & Dr. Short)*
  - *Character Strong & MTSS in Louisville (with Ms. Kuhn & Ms. Sharp)*
  - *Beechwood's Educator Summit @ Beechwood Independent Schools*

## **Extended School Services / Summer Learning**

- Both GES and BMHS summer programs are currently in progress.
  - GES - June 2 - 27
  - BMHS - June 2 - 13

- Their reports will resume in August with the new 25.26 school year.
