Included in the school council formula shall be an allocation for professional development that is at least sixty-five percent (65%) of the District's per pupil state allocation for professional development for each student in average daily attendance in the school, 702 KAR 3.246 sets out the formula to be used. The formula requires that the Board allocate to councils funding for certified staff, classified staff, instructional supplies, materials, travel, and equipment. The Board allocation is the total expendable resources available to that school in those budget categories for the fiscal year. The council may reassign these funds to alternate budget categories for purposes consistent with its responsibilities. The school shall not expend or commit to expend any funds in excess of those allocated to the school. Should this occur, the employee(s) responsible shall be subject to appropriate disciplinary action, and the Superintendent may require the school/council to present, for Board approval, a plan to reimburse the District for the amount spent in excess of the allocation.

All state allocated funds managed by the school but not expended by the end of the fiscal year, shall revert to the District general fund, unless the school council, by March 31, has escrowed funds in the following general ledger of accounts line items for large dollar purchases:

Object Code	Description
0733	Furniture and Fixtures
0734	Computers and Related Equipment
0739	Other Equipment
0641, 0644, 0643	Library, Textbook, Supplemental Books

The escrowed funds shall be reflected in the School's Needs Assessment for the specific school year, the School Council's minutes inclusive of the motion and vote, and the School Improvement/Action Plan for the appropriate fiscal year. The request to escrow funds along with the above documentation must be submitted for approval to the Superintendent/designee by March 31.

School Budget and Purchasing**BOARD APPROPRIATION**

The Superintendent shall determine which curriculum, textbooks, instructional materials, and student support services shall be provided in the school after consulting with the Board, the Principal, and the school council and after a reasonable review and response period for stakeholders in accordance with applicable state laws, regulations, and Board policy.

PURCHASING

In order to comply with state accounting and bidding requirements, all purchases of goods and services shall be made in conformity with Board policy.

SUPERINTENDENT'S RESPONSIBILITY

The Superintendent/designee shall prepare and provide the school a monthly statement of the current financial status of funds allocated to the school.

EXPENDITURE OF FUNDS

In schools where SBDM has been implemented, the school council shall determine the expenditure of funds allocated to the school. In schools where SBDM has not been implemented, the District administration shall determine the expenditure of these funds.
