RE: Letters of Interest for Architectural Services on HCHS Culinary Lab  
Renovation and Paving Project

Henderson County Schools published a request for letters of interest for professional architectural services for the Henderson County High School Culinary Lab renovation and paving project. Proposals were received from RossTarrant Architects, JRA Architects, Sherman Carter Barnhart Architects, and alt32 Architecture. After reviewing the proposals received, the district has determined that RossTarrant is exceptionally well-suited to fulfill our requirements. RossTarrant has the ability to understand the district's needs and translate those ideas into practical, aspirational designs that align with the project's contextual requirements. The firm has shown high proficiency in managing prior project design processes, ensuring projects are completed efficiently and effectively. RossTarrant's approach reflects the district's aspirations and requirements, making them a strong partner for future projects. Given RossTarrant Architecture's qualifications, expertise, and alignment with Henderson County Schools' vision. We would like to recommend RossTarrant as the preferred architectural firm for the HCHS Culinary Lab renovation and paving project. This recommendation is made with the understanding that RossTarrant's capabilities will ensure successful project outcomes that meet the district's needs and expectations.
